Santa Ana, Cal., Oct. 17, 1918.

Mr. James Irvine, 820 Crocker Bldg., San Francisco: The citizens of Santa Ana appreciate your patriotic acceptance of our proposition. The following twelve people of Santa Ana have taken five thousand each to match your fifty thousand dollar subscription: A. J. Visel, Jesse Dinsmore, H. A. Wassum, P. A. Robinson, Geo. W. Ford, C. W. McNaught, Eugene Ahern, L. F. Moulton, Richard Egan, Aaron Buchelm, B. P. Clineard, Lottie Palmer. Your acceptance of this proposition has been of wonderful benefit in securing subscriptions. Wire bank authorizing your subscription.

R. L. BISBY.

The offer of Jas. Irvine to take \$50,000 worth of Liberty bonds on Santa Ana's quota if ten men would take \$5,000 each has been more than met, and the above telegram last night went forward to him advising of the names of twelve men who have met his offer. Two are thrown in for good measure just as a demonstration that his proffer of assistance to Santa Ana is fully appreciated.

All communities today are engaged in eleventh-hour work and from all indications there will not be a slacker community in the whole of Orange county when the campaign closes tomorrow night.

Anaheim went over yesterday, and last night a meeting of the workers was held at the Valencia hotel with an evening dinner attracting. It was a turkey dinner and was what might properly be termed a celebration of the city slipping over the top. Chairman Bisby and Private Hagen were in attendance.

Recanvasses were made in many of the communities of the county, and that it was a good wave is evidenced by the fine returns made. In no district in the county has there been a better report from going over the territory the second time than in the southwest district of Santa Ana, of which J. G. Mitchell is chairman. On the first canvass solicitors sold bonds to the amount of \$55,890. Workers yesterday completed the recanvass, showing additional sales of \$14,850 in the district.

The banks of Santa Ana will be open tomorrow evening from 7 to 9:30 o'clock for the taking of subscriptions. Subscriptions are not counted until a deposit is made and if there are any in the city who have made application and have not made the 10 per cent payment required they should not fail to make good by bank closing hours tomorrow night.

At the meeting of solicitors at James' at noon today it was decided not to have a luncheon tomorrow. A number of new subscriptions in amounts varying from \$2000 to \$5000 were reported. Chairman Bisby advised that all workers keep busy until the close of the campaign so as to make sure that the city goes over. He expressed the hope that there would be a large oversubscription. Bankers reported that there are many applications being held by them where the required payment to make them effective in the totals has not been made.

Southern California 70 Per Cent

LOS ANGELES, Oct. 18.—With the Southern California Liberty Loan quota 69.9 per cent subscribed, workers started out today to beat the kaiser. The "flu" and every other drawback and shove this section of the state "over the top" by tomorrow night.

Everett A. White, who has been doing great work on the Irvine and \$5,000 clubs, today reports two clubs complete and one nearly so. White has been devoting himself to these clubs since their organization and the results have been splendid, showing good salesmanship. There are two clubs of ten members each and one of five members, making a total of \$125,000.

The clubs are as follows:

George Minter, four to match—complete: A. J. Visel, Geo. S. Smith, John Cubbon, W. A. Huff, Arthur Lyon, nine to match—complete: A. J. Crookshank, E. G. Holmes, E. L. McCoy, Mary L. Coleman, Mrs. J. H. Merritt, Mrs. Susie M. Rutherford, Ethel French, by Emma French; N. H. Leonard, Geo. W. Ford.

W. J. Cheney, nine to match—complete: Julia E. Douglass, A. J. Crookshank, Mission Woolen Mills, Susie B. Clark, Guy W. Wilmot, E. E. Wild.

WOMEN'S CLUBS

Mrs. W. L. Grubb and Mrs. J. Dick Wilson, chairmen of the women's clubs, need one more subscription of \$500 to complete a \$500 club, nine to complete a \$300 club. The ladies are working hard and want to finish the clubs before tomorrow night. Both have phones and any woman wishing to help them in completing the clubs should call either of them.

\$300 CLUB

Created by Mrs. F. M. Havens, nine to match—incomplete: Mrs. Charles Havens.

\$200 CLUB

Created by Mrs. Helene Deimling, four to match—complete: Mrs. F. G. Taylor, Miss Maude Crane, Miss Arvilla Ball, Mrs. W. D. Barker.

In Los Angeles city with \$25,247,150 of a \$42,938,300 quota subscribed, the loan campaigners faced the necessity of securing \$9,000,000 a day to reach the mark set.

East San Bernardino county has gone over the top according to the official figures, while unofficial figures put San Diego and Ventura county in the 100 per cent subscribed class. Riverside county, when business opened this morning, needed just an even thousand dollars to fill its quota.

At the meeting of solicitors at James' at noon today it was decided not to have a luncheon tomorrow. A number of new subscriptions in amounts varying from \$2000 to \$5000 were reported. Chairman Bisby advised that all workers keep busy until the close of the campaign so as to make sure that the city goes over. He expressed the hope that there would be a large oversubscription. Bankers reported that there are many applications being held by them where the required payment to make them effective in the totals has not been made.

Southern California 70 Per Cent

LOS ANGELES, Oct. 18.—With the Southern California Liberty Loan quota 69.9 per cent subscribed, workers started out today to beat the kaiser. The "flu" and every other drawback and shove this section of the state "over the top" by tomorrow night.

GERMANY SQUEALS AS ENEMY-OWNED GOODS ARE SEIZED BY U. S.

A. Mitchell Palmer Smiles Serenely, Announces Auction \$100,000,000 Worth

NEW YORK, Oct. 18.—A note of protest from Germany against the manner in which enemy alien-owned concerns are being converted into wholly American institutions by the United States has been received through the Swiss legation.

The action of the United States in confiscating German-owned corporations and their ensuing sale are declared by the Germans to be consciously aimed to do "lasting injury to German economic existence."

The taking over and sale of German-owned ships is termed an "attempt to shackle through measures of force the opportunities of German shipping interests to develop in the future."

The German government threatens to take retaliatory measures against property owned by Americans in the empire if the enemy alien property custodian persists in continuing his practice. The American property is worth about \$12,000,000. The United States already has confiscated \$800,000,000 worth of enemy owned property.

A. Mitchell Palmer, the alien property custodian, has returned only one answer to the Teutonic protest. He has fixed the date on which eleven enemy corporations are to be sold at auction. They are said to be worth about \$100,000,000. Some 200 enemy-owned enterprises now in the care of Palmer will be sold to American citizens as rapidly as they can be prepared for sale.

—W. S. S.—

SMYRNA IS ASKING FOR SEPARATE PEACE

LONDON, Oct. 18.—The plenipotentiary agents of Rahnl Bey, governor of Smyrna, have arrived in Athens for the purpose of negotiating for the surrender of that Turkish province, according to a dispatch received from Athens today.

Word was received several days ago that Smyrna, the most important province in Asia Minor, was seeking separate peace.

—W. S. S.—

ALL SOUTHERN COUNTIES OVER BUT LOS ANGELES

LOS ANGELES, Oct. 18.—All counties of Southern California excepting Los Angeles went over the top or nearly did so today, the Liberty Loan committee announced.

Official figures announced at noon did not show all the counties over the top, but Liberty Loan officials pointed out that these figures did not include all the subscriptions, and that with full reports it was certain all counties excepting Los Angeles had equalled or passed their mark.

Official figures showed Imperial within \$20,000 of its quota, Orange county within \$100,000 of its \$2,807,150 quota, Riverside \$9,000 over-subscribed, Ventura \$70,000 over-subscribed, and the other counties within small amounts of their quotas.

Los Angeles, exclusive of the city, has subscribed \$34,318,650 of its \$53,000,000 quota, and Los Angeles city \$26,615,550 of its \$42,938,900 quota, the official figures showed. The entire Southern California quota is \$115,006,250 and \$79,287,500 has been subscribed.

NEED IT FOR SHIPS

The Fourth Liberty Loan organization in Southern California has received the following telegram from E. H. Hurley, head of the Shipbuilding Corporation, in Washington, D. C.:

"Every effort of the people should be turned toward keeping up the fighting spirit. Peace talk is dangerous. No ship worker will make the error of thinking for a moment that the war is nearly over. America has just begun to fight. In the coming months, our long preparation on the battle line in the shipyards will yield results. Ship workers know the need for continued record breaking. Every ton of shipping delivered now is needed to carry our boys to France; every ton launched now means force to the utmost to really win the war next spring. Don't go by the war map; that still needs a lot of changing and the enemy still needs a lot of licking. Tonnage will win the war and bring permanent peace."

ENTIRE BELGIAN COAST IS EVACUATED BY HUN FORCES

IMPORTANT TOWN IPEK, CAPTURED BY SERBIANS AND FRENCH

Two-Thirds of Serbia Recovered; Austrians Are Outflanked In the Balkans

LONDON, Oct. 18.—The Allies are rapidly driving home their victories both on the west front and in the Balkans.

While the Germans are being thrown back by continuous hammer blows from the North Sea to Verdun, Allied troops are overrunning Serbia and have successfully invaded Montenegro.

Official reports show fully two-thirds of Serbia re-occupied, the Montenegrin town of Ipek captured, the Allies within less than sixty miles of Austrian soil at two points and the Austrian army in Albania being outflanked from the north.

The whole Belgian coast appears to have been evacuated by the Germans. The Belgians are officially reported on the outskirts of Bruges, while it is reported the enemy has fled from Zeebrugge, the last remaining German submarine base on Belgian territory.

Bruges is only seven miles from the Dutch border. Further south the Allies have passed Thielt and are within less than fifteen miles of Ghent. Across the border in France the British are officially reported on the outskirts of Turcoing and are rapidly approaching Roubaix.

Douai, which the British had dominated for weeks, has been entered.

The Anglo-American attack yesterday between Bohain and Le Cateau carried them to within less than a mile of the railway center of Wasigny and shortened the distance to the vital enemy base of Hirzon to twenty miles. More than 3000 prisoners were taken in these operations.

French troops, co-operating on the Anglo-American right, made important advances along the Oise, mopping up more than half of the Andigny forest and penetrating to within two miles of Guise.

Further progress was made by the French and Americans in the Champagne-Argonne region. The Americans improved their positions on both sides of the Meuse.

Unofficial reports have been received that Allied troops have occupied Morhak, in the Transilpan region.

PARIS, Oct. 18.—French and Serbian troops, invading Montenegro, have captured the important town of Ipek, five miles inside the frontier, it was announced by the French war office today.

Additional progress was made north and west of Nish and the large towns of Novibazar and Mitrovitz were occupied. Fully two-thirds of Serbia has been recovered.

"North of Nish Allied troops have reached Kalna and have occupied the heights south of Jekrinac and Krushevatz," said the communique. "Further to the west French and Greek troops reached Kursumlaj and Novibazar, from which the enemy fled."

"On the Montenegrin frontier French cavalry, supported by Serbian mountain troops, attacked Austrian convoys retreating west of Mitrovitz and captured them, including 3000 wagons and immense quantities of material."

"The same detachment entered Ipek on Sunday and took 600 prisoners, large grain stores and a number of machine guns."

—W. S. S.—

SAN FRANCISCO, Oct. 18.—At noon today Pacific Coast states had subscribed \$275,265,750 to the Fourth Liberty Loan as against a quota of \$402,000,000, the Liberty Loan committee announced. These figures represent money actually in the bank.

Last Minute Bulletins

AUSTRIA GETTING READY FOR PEACE, INDICATION

AMSTERDAM, Oct. 18.—In compliance with President Wilson's note, Austria is evacuating occupied territory, according to a Vienna dispatch received here today.

TROOPS GET ENTHUSIASTIC WELCOME IN BRUGES

LONDON, Oct. 18. (4:20 p. m.)—Belgian infantry has entered Bruges and received an enthusiastic welcome, a dispatch from the British front announced this afternoon.

Paris said it was reliably reported there this afternoon that Turcoing and Roubaix are entirely in Allied hands.

ALLIES CONTINUE PROGRESS ON 35-MILE FRONT, SAYS HAIG

LONDON, Oct. 18.—British troops continued to advance on the whole 35-mile front between the Sens canal and the Lys river, Field Marshal Haig announced today.

Additional progress has been made east of Douai and several villages have been captured southeast of that city.

NATION RAISES 4 BILLION AND A QUARTER OF LOAN

WASHINGTON, Oct. 18.—The Treasury Department announced today that Liberty Loan subscriptions had passed the four and a quarter billion mark during the morning.

Washington, itself, went over the top today, when its subscriptions passed \$27,000,000.

Cuba has largely oversubscribed its quota of \$6,000,000. Michigan is among the states which have gone over the top and Connecticut filled its quota today.

and enthusiasm hitherto unequalled. Some weight has been attached here to the fact that news reports fail to show an abnormally large number of prisoners in the present big advance in Belgium.

Secretary of War Baker's attention was called to this phase of the situation and he pointed out that the department has no late accurate reports of prisoners. On the other hand he suggested that the apparent lack of big bags of prisoners might be due to the fact that many of the attacks are frontal.

The effect of constant retreat, plus the repeated German official promises of peace, has been to shake the German army morale to its roots.

The German plainly is going back to his home lines. If the nation does not yield there will be a battle royal along the German border defenses next year, a defensive fight on Germany's part which can be kept up a long time and at great cost to the Allies. This phase of the situation causes officials here to suggest that now is the time to go on, not relax.

BY CARL D. GROAT (UNITED PRESS STAFF CORRESPONDENT)

WASHINGTON, Oct. 18.—"The next two weeks should determine whether we should have a spring campaign."

"Meantime we are proceeding on the theory that a spring campaign is necessary and that the fighting must be carried on along big lines."

This summary of the war and peace situation came to the United Press today from a general officer holding one of the most important places in the army establishment but prevented by army rules from talking for publication if his name is used.

"I believe," he said, "that by the first of November we should know whether Germany is going to yield on President Wilson's terms. I am certain Germany wants peace very badly."

"It is now just a question with her of what price she is willing to pay for keeping the American-Allied armies off her soil."

He declared it would be fatal to go on any other assumption than that all the fighting branches are going ahead with their plans on a scope greater than ever before and with a speed

WHOLE OF BELGIAN COAST TO BE FREED OF ENEMY

LONDON, Oct. 18. (1:46 p. m.)—The whole Belgian coast is confidently expected to be freed of the enemy today.

Reports that Zeebrugge has been evacuated are generally credited, but have not been confirmed officially. It is understood that Blankenberghe, five miles west of Zeebrugge, has been captured.

AMERICAN PATROLS GET INTO GERMAN POSITIONS

WITH THE AMERICAN ARMIES IN FRANCE, Oct. 19. (Noon.)—Under cover of a heavy barrage, American patrols this morning penetrated deeply into the wooded region northwest of Grandpre.

At the same time after breaking up feeble counter attacks along the Meuse, Americans pushed on and captured a number of strong points from which the Germans had been sending out patrols.

Artillery activity has greatly increased along the whole front between Grandpre and the Meuse. The Germans are using considerable gas.

GERMANY'S REPLY TO U. S. NOT YET COMPLETED

AMSTERDAM, Oct. 18.—Members of the reichstag, the Federal council, the cabinet, and military and naval officials conferred in Berlin yesterday in regard to the reply which will be sent to President Wilson, according to advices received here today. The reply, it is reported, is not yet completed.

No German submarines have gone to sea since Germany made her armistice offer, according to unofficial reports.

Fortnight to Determine Spring Campaign or Not

WASHINGTON, Oct. 18.—"The next two weeks should determine whether we should have a spring campaign."

"Meantime we are proceeding on the theory that a spring campaign is necessary and that the fighting must be carried on along big lines."

This summary of the war and peace situation came to the United Press today from a general officer holding one of the most important places in the army establishment but prevented by army rules from talking for publication if his name is used.

"I believe," he said, "that by the first of November we should know whether Germany is going to yield on President Wilson's terms. I am certain Germany wants peace very badly."

"It is now just a question with her of what price she is willing to pay for keeping the American-Allied armies off her soil."

The German plainly is going back to his home lines. If the nation does not yield there will be a battle royal along the German border defenses next year, a defensive fight on Germany's part which can be kept up a long time and at great cost to the Allies. This phase of the situation causes officials here to suggest that now is the time to go on, not relax.

Homes Destroyed, Men and Boys Driven Back by Hun

LONDON, Oct. 18. (British Admiralty Wireless.)—The German wireless service alludes to the "flight of the masses" of the population as a result of Allied attacks in Flanders and northern France. It says:

"Even if everything possible is done to alleviate the lot of these Belgians who have been driven from house and home and who have to cover one stage after another on foot along water-logged roads with scantiest provisions, yet for such a flight en masse transport means cannot be provided and the food supply does not suffice for such terrible distress."

"Conditions in northern France are the same," says the German wireless. The wireless also takes occasion to inform the world that the population has to look out for itself as Germany

HAIG ADVANCED 12 MILES ON 35-MI. FRONT YESTERDAY

Turcoing Is Evacuated and Encircled; Roubaix Also Practically Captured

LONDON, Oct. 18. (6:10 a. m.)—Turcoing has been evacuated, it was reported from the British front today.

BY WILLIAM PHILIP SIMMS

(United Press Staff Correspondent)

PARIS, Oct. 18.—Allied infantry, supported by British monitors, is advancing on Zeebrugge.

Franco-Belgian forces southeast of Thielt are marching toward Daynze (eight miles southwest of Ghent). The British have overrun Mountrai and the Germans, fighting hard, are retreating to Audenard (thirty miles west of Brussels).

Turcoing has been completely encircled and Roubaix virtually has been taken.

The new Allied drive in the Oise region particularly menaces Ribemont (seven miles south of St. Quentin). Once this town is taken it will be easy to push on the Guise. The Germans are precipitously abandoning their positions northeast of La Fere.

Paris shows intense but grave emotion over the recapture of Lille, Douai and Ostend. The boulevards are decorated with flags.

LONDON, Oct. 18. (British Admiralty Wireless.)—The military correspondent of the British wireless states extensive preparations had been made for the evacuation of the Belgian coast. However, there is nothing to indicate in the situation on the western front that the Germans are at the point of collapse. The enemy probably intends to retreat to a line running through Brussels, Nemur and thence along the right bank of the Meuse. Germany no doubt will attempt to delay the Allied advance on the line of the Scheldt, which is of great natural strength, although no extensive prepared positions exist along it.

LONDON, Oct. 17. (Delayed)—Allied troops today advanced more than twelve miles on the whole 35-mile front between the North Sea and the Lys river, Field Marshal Haig announced tonight.

The British are on the outskirts of Turcoing. Belgian cavalry is at the gates of Bruges.

"The advance continued on the whole front from the North Sea to the Lys today to a depth of 20 kilometers," the statement said. "The Belgians entered Ostend and their cavalry is at the gates of Bruges. We occupied Ingelmunster."

The French captured Pitthem, Meulbeke and Wynhene.

"The British are on the outskirts of Turcoing and occupied the line of the Lys north of Courtrai."

PARIS, Oct. 18.—An advance of about two miles on a three-mile front northeast of La Fere was reported by the French war office today.

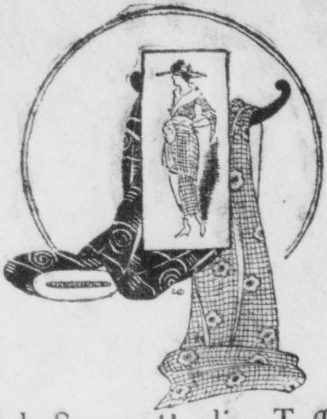

Violent fighting is continuing west of Grandpre, where the French have crossed the Aisne.

"Along the right bank of the Oise there was violent artillery fighting last night," said the communique. "Between the Oise and the Serre our pressure during the past few days forced the enemy to commence a new retreat, withdrawing from Achery and Choigne, northeast of La Fere. Toward the end of the night we pursued the enemy rear guards and occupied Angicourt."

"West of Grandpre fighting continues with extreme violence. It extended this morning to the heights of Voiziers. We crossed the Aisne in this region."

Buy Now Whatever Dress Goods You Need

—the Government has virtually taken over the country's wool output. Consequently woolen dress goods are getting scarcer. We fortunately had reserve stocks to draw from, and these were augmented by purchases made last spring. We therefore offer splendid stocks of dress fabrics that are of excellent qualities and in weaves and patterns best adapted to the season's new fashions. Don't buy unless you need them, but if you need them, buy now.

- all wool French Serge, Poplin, Taffeta, at \$2.00, \$2.50 and \$3.00 yard.
- all wool Coatings in wanted Fall shades at \$3.00 to \$5.00 yard.
- part wool plaid materials in new patterns, at 60c to \$1.00 yard.

Charles Spicer & Co.

Working With Uncle Sam

THE TRUTH ABOUT CANDY

The U. S. Food Administration says that the candy industry has already suffered greater privation than individual householders in the use of sugar.

Yet, the candy makers are buying Liberty Bonds, Thrift Stamps, subscribing to Red Cross and other war activities and helping all they can to win the war.

But unthinking persons might say: "Why not cut out all candy and save the sugar?"

Just think what it would mean to throw out of work the 200,000 people (mostly women) and close down factories representing an investment of \$110,000,000—a city the size of Toledo or twice the size of San Diego!

Even though this were done and all the sugar used in candy making was divided among the people, each would only get one-third of a pound each month more than he or she now receives. Seems pretty small, doesn't it? But those are the actual figures of the U. S. Food Administration.

Sugar is a necessity, yet few people take it a spoonful at a time like medicine, but always mixed with something else.

Candy—pure and wholesome, such as you can buy almost everywhere—is recognized by physicians and scientists as a healthful, nourishing food. You are entitled to a certain amount just as you are to sugar in your coffee.

Eat candy—but buy it only in moderate quantities.

THE CANDY INDUSTRY OF SOUTHERN CALIFORNIA AND ARIZONA.

DRIVE IS BEGUN TO GET FRUIT PITS AND NUT SHELLS NOW

Fruit pits and nut shells of every kind are to be gathered during a joint drive to be made in Santa Ana and through the branches of the Santa Ana Chapter of the Red Cross during next week.

An urgent call for fruit pits and nut shells has just been received. "The gathering of pits and shells is far more important than the gathering of any salvage," declared a division representative of the Red Cross speaking over the telephone today in response to a call from the chairman of the Santa Ana chapter.

This week it had been agreed by representatives of the Red Cross after a conference with Farm Advisor Wahlberg and Captain Schute of the Salvation Army that a special period would be set apart next week for the gathering of pits and nuts.

The local Red Cross had been informed that pits and nut shells gathered in Southern California should be delivered in Los Angeles, and it was with the intention of seeking information upon that point that the Santa Ana chairman of the Red Cross got into communication this morning with E. D. Lyman, the Los Angeles chairman.

As luck had it, the call reached the Los Angeles chairman just at the minute that there stepped into it Mr. Walter, from the division headquarters in Los Angeles. Walters has made a special trip to Southern California to conduct a campaign for the gathering of fruit pits and nut shells. On the telephone to the Santa Ana chairman he said:

"It is of tremendous importance that the citizens everywhere get together as many fruit pits and nut shells as possible. There is a big shortage in those things. From them the government makes a charcoal that is used in gas masks. By gathering pits and shells, we therefore contribute directly to the saving of our soldiers' lives. I tell you, that you cannot impress upon your people too strongly the necessity of getting the pits and shells together as quickly as possible. It is a dire need. I am going to make an appeal through the Junior Red Cross organizations, for it is through the schools that the quickest results can be secured in a drive of this kind. The gathering of fruit pits and nut shells is more important than the gathering of any salvage can possibly be, so the school children may well set aside the gathering of salvage and center on this important drive."

These arrangements have been made for collecting pits and shells here. All pits and shells are to be delivered at one central point. That point is Salvation Army headquarters on Sycamore street, opposite the post-office. Branches of the Red Cross and all Junior societies are to deliver at that point. Captain Schute of the Salvation Army will look after the pits and shells there, and the last of next week they will be hauled to Los Angeles and delivered. Mayor Visel has turned over the vacant store room next to the Salvation Army for storing the pits and shells.

"We want to make a clean sweep in this drive," said the Santa Ana chairman today. "We want to get together all the pits and shells we can get, not merely pounds of it, but tons of it. When this drive is over, if there are fruit pits or walnut shells or any other kinds of shells not gathered together in this big offering to the fighters, it will not be the fault of the Junior Red Cross."

"Don't wait to be called on. Arrangements will be made to go to places after pits and shells, but it will be far better if they are delivered at Salvation Army headquarters. Bring them in in any kind of receptacles—boxes, sacks, paper bags, pasteboard boxes, anything to get them there in a way that they can be easily handled. "Any person who has a quantity of pits or shells and who cannot deliver them to the place on Sycamore street where they should go, should tele-

"Spanish Influenza"

"Three-Day" Fever or "The Flu"

Almost the entire country is experiencing an epidemic of "Spanish Influenza," a disease which a recent U. S. Public Health Bulletin describes as "a contagious kind of 'cold' accompanied by fever, pains in the head, eyes, ears, back or other part of the body and a feeling of severe sickness. In most of the cases the symptoms disappear after three or four days, the patient then rapidly recovering; some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis."

At the First Sign of a Cold CONSULT YOUR DOCTOR

The sooner you put yourself under your doctor's care if you think you are "catching it" the better, for the onset of the disease is often very sudden, with bodily weakness and pains in the head, eyes, back and elsewhere in the body. But if you are well and wish to ward off the disease

The Best Preventive Measure is to Spray Your Mouth, Throat and Nose

For as the Government Bulletin continues:

"No matter what particular kind of germ causes the epidemic, it is now believed that influenza is always spread from person to person, the germs being carried with the air along with the very small droplets of mucus expelled by coughing or sneezing, forceful talking, and the like, by one who already has the germs of the disease. They may also be carried about in the air in the form of dust coming from dried mucus, from coughing and sneezing, or from careless people who spit on the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild attack of the disease himself may give a very severe attack to others."

Mouth Washes, Nasal Sprays, Atomizers

Following is a list of gargles, washes, sprays and atomizers which we suggest as suitable for the proper prevention of the disease. You'll find, too, that our stocks are always fresh, pure and potent—we exercise the greatest care to see that none deteriorate while in our possession, enabling us to deliver to you the remedy fresh as when it was made. The list does not comprise everything of this nature and if your experience has taught you to rely on some similar preparation, do not think because it is not listed that we do not have it—for we keep everything a first class drug store should keep, or will get it and carry it for you continually.

DRUG Mateer's STORE

106 W. Fourth The Rexall Store Santa Ana "The Store with a purpose—Service that Deserves your patronage"

ANALYSIS OF THE LATE WAR MOVES

By J. W. T. MASON (United Press War Expert)

NEW YORK, Oct. 18.—The British offensive begun yesterday between Bohain and Le Cateau is along the line of the Hirzon railway, where American units were reported operating.

This movement is supplementary to the new advance of the French Fifth army north of Laon, reported to have started under command of General Guillaumat, former military governor of Paris.

Marshal Poch is now attempting one of the most ambitious strokes of the war.

The capture of Hirzon, which is the key to the southwest corner of the Ardennes massif, will prevent the Germans from keeping up direct communications between their retreating armies in Belgium and Western France and their armies in the Champagne. It will at the same time compel von Hindenburg to direct his present retirement entirely by way of Belgium, where terrific congestion is bound to result.

If coincidentally with the occupation of Hirzon and the western end of the Ardennes massif, General Pershing were to close the Luxembourg frontier at the eastern end of the Ardennes, 65 miles away, disaster would overtake the Germans between these points.

HANKEY EARNS AN EXTRA DOLLAR BY LAUNDRYING

Carl Hankey is one of the Santa Ana boys who has gone into the merchant marine service, and while he is learning the art of navigation he evidently is learning the art of washing clothes, for he advises his father in a letter that he recently earned an extra dollar by doing an extra wash. He finds the work hard, and congratulates himself that his ranch work before taking up the service prepared him for the grind. He is on the training ship Iris at San Francisco.

"I have had two twenty-four-hour shore leaves since we docked here," he writes his father, J. A. Hankey, "and I certainly filled up on good food—nothing extravagant, but the best. I don't know when I will get off again, for notices were posted to-day that no one can leave the ship until further notice. From what everyone says we are to be quarantined for Spanish influenza right away. It is said we will be in quarantine for forty days. Two men were carried out on stretchers today."

"I feel fine now, after having my two days off, and have all the extra room in my locker filled with apples and chocolate bars, which will do me for a week, if not more."

"I am glad I am used to tough living, for I can stand this joke, but some of these other boys who were used to the easy life—it's sure hard on them. However, it is all for Uncle Sam, and I am satisfied."

"When I have graduated here, I will have two or three weeks off and

I will come home to do a little work. I did some extra washing the other day and earned a dollar extra. Some class, eh?"

"I got along well on my first trip. I only got a high fever when I got the shots in the arm, but I gritted my teeth and kept on with my work, except once when the doctor sent me to bed for a few hours. I am glad I am not of the seasick kind. If I had been seasick I sure would have been in a bad fix."

"I didn't know how good the Y. M. C. A. was until I came here. They certainly treat us great. In town they give us clean beds for 25 and 35 cents a night. For the same accommodation, in other places the charge would be \$1 or \$2."

STATE SAVES \$100,000 BY USING FAMOUS OLEO

SACRAMENTO, Oct. 16.—When Betty Botta bought her boasted bit of butter she didn't have to pay 70 cents a pound for it. Else she might have been sent to some state institution, if she was in California.

And there she would have been forced to content herself with oleomargarine.

Beginning October 1, oleomargarine graced the tables of all state institutions. This, according to State Purchasing Agent W. C. McMillin, will save California taxpayers \$100,000 a year. The substitute complies with the state food specifications.

"Oleomargarine has been found good enough for the men at the front," says McMillin, "and it is also good enough for our state institutions."

"Add your mite to America's might." Buy Fourth Liberty Bonds.

RECORD CARLOAD OF WALNUTS SENT OUT BY IRVINE GROWERS

There was a carload of walnuts that went out of Irvine station bound for Ft. Worth, Tex., this morning that is a record setter. It is a carload that figures out to be a 98 per cent car, and it is worth and will bring into the Irvine Walnut Growers' Association \$15,440. The Irvine association nuts have shown a wonderful percentage of good nuts this year, when the general run of walnuts in many places has not been good as growers would have liked. In this record car for the year there are 480 bags, weighing twenty-four tons.

SAN FRANCISCO IS NEXT CONVENTION CITY OF O. E. S.

SANTA CRUZ, Oct. 18.—San Francisco was chosen as the next convention city of the State Grand Chapter of the Order of Eastern Star at its annual convention here. Miss Margaret E. Sawyer, Bakersfield, was elected Associate Grand Matron.

TOURISTS WILL COME HERE IN FLOCKS, SAYS BUXTON

Realty Dealer Home From Eight Months' Absence In the East

C. B. Buxton, well known real estate agent, is home from an eight months' absence in the East, full of enthusiasm as to the future of Orange county and confident that within the next two or three years there will be the greatest influx of easterners in the history of the Southland.

"This county won't hold 'em," is the way he puts it. He was in and around Omaha and Des Moines most of the time during his absence, but he travelled by automobile all over those sections.

"I met people everywhere who had been in Orange county and Santa Ana and who said they were coming again—not on a visit, but to remain," said Buxton today.

"I was in between thirty-five and forty towns and wherever I went I either met people who know of Santa Ana and Orange county and had friends or relatives living here, or who had read or heard of our wonderful country. And believe me, they are talking of Orange county everywhere. It sure has a fine reputation in the East."

"Many, many people told me they were coming to California to make their homes when they could get their affairs straightened up. And I don't wonder that there are hundreds who have their eyes on Southern California. Many of the old residents of the East have accumulated enough to live off of in comfort through the advance in the value of their real estate. They have grown weary of the severe winters and summers, and when the country settles back to its normal basis they will come here in flocks."

"I passed out a great deal of the Santa Ana Chamber of Commerce literature, and the people grabbed for it. It seemed like a novel to them to read of the resources of the county and what has been done, is doing and can be done."

"Since my trip east I am more than ever impressed with the necessity of a tourist hotel for Santa Ana. We must have a place where these people can find accommodations they want—where they can be at home and have the very best of accommodations. I found many towns much smaller in population than Santa Ana and with far less back country support that have 10,000,000 hotels."

"If we can give those people the hotel conveniences they require when they come here to give us 'the once over,' we will have no trouble in locating them on home properties, for if they stay here two or three months they never can resist the temptation to forsake the old homes with their rigid winters and hot summer weather for the equable climate of the Southland."

Buxton met Dr. Condon, who was here last winter and visited for several weeks with Dr. J. E. Paul and Dr. F. W. Slabaugh. Dr. Condon has sold out his bank and some of his ranch property at Humphrey, Neb., and is closing up his business interests there preparatory to moving to Santa Ana to take up a permanent residence.

"The Santa Ana came home by automobile and while traveling through Nevada he had his coat stolen from his machine. He stopped at a mining town one evening for supper and while he was in a restaurant someone stole the coat. It contained his wallet in which he had enough money to get him through to Southern California."

He found his membership card in the Santa Ana Chamber of Commerce of great value to him. It was the only means he had of identifying himself so as to get checks cashed. He had occasion to use his check book twice and in each instance his check was accepted when he presented his membership card as a means of identification.

Buxton left here last February and went into the East during the cold period. The cold did not bother him—in fact, he rather enjoyed it. He got both extremes of weather in the East, the heat of the summer being on while he was there.

—W. S. S.—
DIPHTHERIA ANTITOXIN CLAIMED SPECIFIC FOR SPANISH 'FLU' CASES

CHICAGO, Oct. 18.—Members of the Chicago Medical Society were discussing today claims advanced by Dr. Louis G. Pint that diphtheria antitoxin is an absolute specific for so-called influenza.

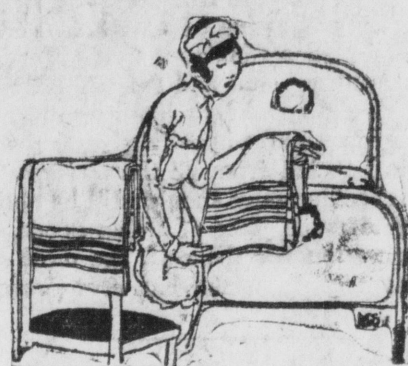

Dr. Pint, former Illinois state bacteriologist and now connected with the research department of the University of Illinois, declared before the society that he had treated 75 influenza cases with diphtheria antitoxin without the loss of a case. He stated further that he had isolated the germs causing the disease and that they are staphylococcus, the germ that causes carbuncles, streptococcus, which causes blood poisoning, Vincent angina, which causes sores in the throat and mouth.

PROPOSE SIGNAL HILL SIGHT FOR CONVALESCENT HOSPITAL

LONG BEACH, Oct. 18.—Long Beach will offer a site on Signal Hill, one of the show places of the Southland, for the contemplated home for convalescent soldiers to be erected in Southern California by the British and Canadian governments.

To convince the proper authorities that this city possesses every advantage for such an institution, which will be devoted to the care of crippled and maimed soldiers after the war, Secretary Lynn Ballard of the Chamber of Commerce, has written to Arthur James Balfour, Secretary of For-

We're Offering Now the Lowest Prices on Blankets

That you'll see this year

The Blankets we are offering this season were bought a year ago at the low prices prevailing at that time, which accounts for these exceptional values:

"WOOLNAP" Plaids, all colors,
Size 66 by 80 inches \$5.50

—This is an exceptional offering, as these blankets are quoted on the wholesale markets at exactly this figure.

—Plaids in tan, blue, pink, and gray, in a make universally known for its washing and wearing qualities. Only a limited stock on hand.

"WOOLNAP" Plaids, all colors,
Size 72 by 84 inches \$6.50

—Exactly wholesale price on this size, for a limited time, and limit of two pair to a customer.

—These blankets are all cotton, but the yarn is carded and spun in a way to make a very soft, fluffy blanket, that looks like and wears like wool.

ALL-WOOL Plaid Blankets,
Size 68 by 80 inches \$8.50

—All wool, both warp and filling, and strong and heavy construction, a blanket that will give service a life time.

—Block plaids, in colors of gray, blue, tan, and pink, full double bed size.

PART-WOOL Plaid Blankets, sizes
68x80, and 70x80 inches,
from \$6.00 to \$15.00

—The wanted colors in plaids, also white, and solid gray.

—The better qualities of the part-wool are shown in cotton warp with fine all-wool filling affording a construction that is soft and fluffy, giving warmth without excessive weight.

—All-Wool Blankets in large sizes in white and gray, and a few plaids are shown at \$10.00 to \$15.00.

NOTICE:

These are the Government's rulings concerning Christmas Shopping:

- 1—Retail interests are not to increase their forces by reason of the holiday business over the average forces employed during the year.
- 2—Normal working hours will not be lengthened during the Christmas season.
- 3—Retailers will use their utmost efforts to confine Christmas giving, except for young children, to useful articles.
- 4—Every effort will be made to spread the period for holiday purchasing over the months of October, November, and December.
- 5—Deliveries will be restricted and customers will be asked to carry their own packages wherever possible.
- 6—Announcements of the new policy will be made by retailers in their newspaper advertising.

It should be noted also, that packages for all points outside of Santa Ana must be mailed on or before November 30th.

Foreign Affairs of Great Britain, who has charge of the project. Dr. Edward P. Bailey made the suggestion that Long Beach should place a bid for the site of the proposed home before the British and Canadian governments.

ANSWER THE QUESTION

Will this Fourth Liberty Loan drive close leaving you with an uncomfortable feeling that you have not done your part?

If you have that uncomfortable feeling, and let the drive go by, you won't get over it very soon, if ever. It is a dissatisfaction in your own heart that will bring to you a pang of regret every time it comes to your mind that you could have and did not seize the opportunity to help your country in October, 1918.

You must be the judge. It is only in extreme cases that the Liberty Bond vigilance committees have attempted a specific inquiry and an effective method in getting results. You, the person of ordinary means, must for yourself and to yourself answer the question that your conscience is insistently bringing up for an answer. No one but you need know that you have put yourself on the carpet.

The bond campaign is almost over. Thousands of people in Orange county have done their full share. There is no question but that in percentage of subscriptions there is a brand of loyalty in this county that gives us distinct pride. Percentage of subscriptions compared with population is something that has been figured out for previous loans. There is no question about the percentage. This county is a topnotcher in that regard.

This editorial, therefore, is not addressed to the county at large. It is addressed to each individual. You know whether or not you can answer that question clearly and forcefully to your own conscience. The drive closes tomorrow. Again let us ask the question:

Will this Fourth Liberty Loan drive close leaving you with an uncomfortable feeling that you have not done your part?

AERIAL ARMIES

One of the most significant bits of war news we have had lately, one which might be said to mark an epoch in the history of warfare, told of a bombing expedition consisting of more than 350 airplanes.

Flying is yet so new to mankind that the sight of a single plane is enough to thrill an ordinary civilian. In the war zone, where it soon becomes a familiar story, it is seldom that more than a dozen machines are seen in a single squadron. Yet here were over 200 big bombing planes, accompanied by 100 swift pursuit machines and fifty huge triplanes each capable of carrying several men with machine guns, all flying as one air fleet, darkening the sky and defying any attempt to reckon their number. And in the same sector hundreds of other planes were in the air.

It seems to have been by far the largest air operation yet attempted. The fleet dropped thirty-two tons of explosives on German cantonments north of Verdun. It could have carried far more than that. It annihilated every German plane that got in its way. It could have destroyed easily any force the enemy has ever yet sent into the air at one time.

That fleet, we are proud to say, was under American command. Its personnel was American. Most of its machines are said to have been American.

The flight was but a foretaste of the aerial warfare that is soon to follow, when we have bombing and fighting planes in action by thousands instead of hundreds. There will be no place in France, Belgium or Germany where any enemy may hide his head secure from the avengers of the air.

GERMANY'S LOOT

As Germany roars louder for peace, it is necessary for the governments and peoples of the Allied countries to be more than ever on their guard lest the enemy, beaten in the field, escape without paying his due penalty.

It is understood well enough that Germany has made a business of war. It is not realized, however, to what extent she has profited. In a recent book written by Andre Cheradame, this brilliant French critic maintained that if the war were to end as matters stood, Germany alone among the belligerents would emerge with a financial profit instead of a loss.

To begin with, the Germans, he explained, have waged war more cheaply than France and Great Britain, and spent much less per capita. On this basis alone, he argued, a "no indemnity" settlement would be ruinously unjust to the Allies.

The account of Germany's positive "war profits" is far more impressive. He reckoned the territory occupied by Germany as alone worth \$32,000,000,000, almost as much as the total war expenditures of the Central Empires.

To that must be added the "human material," consisting of 46,000,000 Allied subjects from whom the Germans have obtained free labor. There must be added the captured war material, consisting of guns, rifles, munitions, vehicles, locomotives, freight cars and thousands of miles of railway. The Belgian railway system alone he estimated as worth \$600,000,000.

Then there were foodstuffs stolen everywhere, the crops raised on stolen land by forced labor, the raw materials such as coal, petroleum, iron, copper, tin, lead, etc., taken from mines and from individuals. In northern France alone the Germans stole \$110,000,000 worth of wool. There were all the industrial plants seized, all the factories utilized by the Germans and all the machinery and tools carried off into Germany.

There were the millions upon millions of dollars' worth of furniture stolen, the priceless works of art carted to Germany and sold or hidden. There were the war levies imposed on conquered populations, rising into the hundreds of millions. There were the

coin, jewels and securities stolen by the invaders, including \$120,000,000 of bank deposits taken at one time from Belgian banks. All this, M. Cheradame maintained, was worth much more than the war had cost Germany.

Some of it Germany has lost since that book was written. More she is certain to lose. But even when she is driven from France and Belgium, and finds her Russian conquests shrunken, she will still have had the use of a vast amount of stolen wealth and will remain in possession of a vast amount.

Let it not be forgotten, too, that Germany has probably destroyed, by land and sea, almost as much property as she has turned to her own use, and is still destroying on a more appalling scale than ever.

After being ousted from all the territory that is not hers by right, Germany should still be obliged to return every returnable piece of stolen goods, and to pay, in compensation for the rest, the most stupendous indemnity any statesman has ever dreamed of imposing.

Says the Los Angeles Express:

There is but one issue before the state of California. Win the war. Nothing else matters much. Who is best fitted to direct California's energies to the achievement of that end—Stephens, who has made good, or some untried man who seems to think that the chief issue is to maintain the manufacture and continue the sale of alcoholic drinks?

When that question is put to the voters of California in the election to be held November 5 there will be practically a unanimous response. Stephens urges: "Let's win the war." Bell urges: "The one big issue is the sale of booze." Choose between them.

"Standardize in the interests of economy and efficiency" is the slogan of the war industries board. Now it is the incandescent lamp men who announce that they are doing away with the old-style, inefficient carbon lights and complicated sockets and fixtures, retaining in some cases only twenty per cent of former lines. A saving of eighty per cent in any business is a long step in the right direction.

Dyestuff Industry
From the San Francisco Chronicle

The modern dyestuff industry is the product of chemical plodding. From the most unpromising raw materials there are derived certain so-called intermediates by whose combinations new colors are produced in infinite variety. There will probably never be an end to the production of new shades.

The colors are produced by continuous trying out. Anyone can mix colored pigments and get new shades every minute.

But for dying fabrics the colors must not fade. There is where chemical knowledge must be added to empirical experiments, doubtless, also with continuous trials to find the element which will make the dye fast without changing the color.

Plodding is the strong point of Germans. It is not a national American trait. Hitherto we have preferred to pay the Germans for digging than to bother with it ourselves. It seemed to be about what Germans are fit for. It is the drudgery of science.

However, we are showing that if plodding has to be done we can do it as thoroughly and successfully as the stupidest German who ever lived. Presumably we are improving the process, inventing machines for trying out mixtures for all we know to the contrary. Anyhow, we are getting the work done.

Naturally the first dyes sought are the so-called staple dyes, which are used in the largest quantities for the cotton and woolen fabrics in most general use. At the National Exposition of Chemical Industries it was demonstrated that as to these staple dyes some twenty or thirty in number, and all perfectly fast, we are not only producing all the colors we need, but exporting largely.

Research is still going on and will continue always. There are new combinations producing new shades, and then the search for what is needed to make them fast.

The advertising of the dyestuff companies is square. They tell you just what they have produced which they can warrant to be fast, and what they have not yet attained. When an American dye is warranted to be fast the public can buy the garment or the fabric with perfect confidence.

Early Peace and War Bonds

It has been suggested that one reason for the lagging of the Liberty Loan is that people generally, in spite of official warnings to the contrary, are hoping for peace within a short time, and are not investing, partly because of a perfectly human tendency to relax after enormous strain, and partly because of a little nervousness as to financial conditions following the war.

Not to invest in Liberty Bonds for either reason is a stupendous mistake. Five years ago the United States government 4 per cent bonds sold at 110. Any one can figure for himself what would happen to 4 1/2 per cent bonds at the same ratio.

The sooner peace is declared the sooner this jump in values will take place, and the quicker the peace the bigger the jump will be.

But we are solemnly warned that only by the most vigorous prosecution of the war can we hasten victory; and our share of this is, of course, to finance the enormous expenditures vital to success, by purchasing bonds.

Just Groans and Grins

Pete Dink was showing his thrifty bean patch to his wife.

"You'll have to get some poles and run strings on them so they'll have something to grow on," suggested Mrs. Dink.

"Not these beans," retorted the war gardener. "They're stringless beans."

"Before we were married, Henry," said the young wife reproachfully, "you always gave me the most beautiful presents. Do you remember?"

"Sure" said Henry, cheerfully, "but, my dear, did you ever hear of a fisherman giving bait to a fish after he had caught it?"

"My husband bought an automobile because he said he needed it in his business."

"What has he made with it?"

"Forty-five miles an hour is all, I think."—Detroit Free Press.

"Oh, Mr. Smith," cried the young lady, as she greeted her caller, "so you have been making friends with Fido! And do you think he likes you?"

"Well," said Mr. Smith grimly, "I don't believe he's quite decided yet—he's only had one bite of me, and he seems to want another."

PLEASANT ANNIVERSARY

Mr. and Mrs. W. W. Anderson Spend Happy Evening With Group Old Friends

Although when inviting a group of their old friends to spend the evening with them yesterday, Mr. and Mrs. W. W. Anderson did not mention that the event was in celebration of their twenty-ninth wedding anniversary, but Mrs. A. R. Rowley remembered the date and went to the house prepared with a clever program.

Mrs. Anderson had prettily decked her cosy home on Church street with rich-hued zinnias and lovely dahlias and after arrival of her guests, she was draped with a flowing wedding veil of "old lace" (curtain) fastened with real orange blossoms and adorned with a sweet necklace of cube sugar, the sweets being fashioned into all kinds of clever designs. One box presented to the bride held twenty-nine lumps of sweetness.

Each guest was provided with an appropriate rhyme, which caused much merriment when read aloud. One of the members played the wedding march.

Before the happy company took its departure, wishing Mr. and Mrs. Anderson many more such happy anniversaries, they were served with delectable refreshments.

Those enjoying the evening were Messrs. and Mrs. E. L. Morrison, J. H. Rankin, E. B. Smith, G. S. Smith, W. E. Ward, A. R. Rowley, J. E. Gowen; Mrs. Ella Parker and Rev. T. E. Stevenson.

First Travelers Meet

The First Ebell Travelers will meet Monday next with Mrs. J. W. Bishop.

A Woman's Attractions

A Youthful Figure

To keep the figure youthful your corset must have youthful lines. This depends upon its designer, for no corset is better than its designer's conception of beauty. On his sense of beauty depend the figures of the women who wear the corsets he conceives.

MODART CORSETS Front Laced

Fit the figure perfectly.

The only real way to get a properly fitted corset is to get the advice of a trained corsetiere.

The new models are here for your inspection.

BUYS LIBERTY BOND

Women's Relief Corps Clears \$75 From Recent Entertainment at Clune's

The regular meeting of the Women's Relief Corps was held in G. A. R. hall yesterday. During the session the treasurer, Mrs. Alice Yount, was instructed to buy another Liberty Bond today with the proceeds of the entertainment given at Clune's theater on the fourth instant. The chairman of the entertainment, Mrs. Estelle Ludwig, reported the net proceeds were \$75.

A vote of thanks was given Mrs. Ludwig, Mrs. Garrison and Mr. and Mrs. Schlesinger for their work in getting up and successfully presenting the excellent program, also to Mrs. Grace Moesser for her work at rehearsals and drilling the children and providing the beautiful piano accompaniments for singing, and Mrs. Winnie Biggs carried off the honors as the banner ticket seller. All who assisted were gratefully remembered.

The next tea will be given on November 8 and at the suggestion of Mrs. Julia Garrison it was decided to have an auction sale, the money to be put into another Liberty Bond. Everybody is asked to take a parcel containing an article which can be auctioned.

W. S. S.

ENTERTAINMENT FOR ORPHANS IS TONIGHT

During the past year the Gray-Lhevinnes, who are to appear at the high school tonight in a benefit for the French orphans' fund, have travelled 48,000 miles and have a distinctive place in the hearts of the public in every state of the union. They have cheered the returned soldiers of Ontario, Canada, and the sailor boys from Virginia to the Pacific Coast.

The programs of this winning young couple are absolutely original in character. They make you see the charm in violin and piano music that is a revelation. They aim, and do, reach the hearts of every class of hearers.

Lest You Forget

Click, click, hark to the sound Of the needles bright and slim. As the fingers knit, doing their bit For the comfort of somebody's "him."

Oh, you of the army, navy and air, If you only could feel the thrill Of her who sits, and knits, and knits, Your glory hoping to share.

For truly as you, your life have offered, So, truly brave is she; For not alone are heroes they, Who fight on land and sea.

But they who wait, and love, and give, Sometimes suffer the most; Remember this, when you enter the fight, And be true to the trust you boast.

—By a Soldier's Wife.

Anemia and Poor Blood

How Mrs. Burnell's Daughter Recovered

DREWSVILLE, N. H.—"My daughter was anemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol had built up my son some time ago, I gave it to my daughter, she soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

The reason Vinol was so successful in Miss Burnell's case is because it contains beef and cod liver peptones, iron and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich red blood and create strength. Rowley Drug Company and druggists everywhere.—Adv.

CLOTHCRAFT CLOTHES

DATE MEAT FOR PIES, SEEDS FOR GAS MASKS; FINE, SAYS MRS. HAVENS

Little Sugar Required For Home-Grown Fruits; Conservation Hint Here

Most people who have date palm trees on their premises let the fruit fall and clutter up the ground beneath or to be eaten by the small boys of the neighborhood, and no thought is given as to the use to which the tree's product may be put.

Mr. and Mrs. George F. Havens of 833 East Washington street, however, did give some thought to the subject, followed by experiments, and Mrs. Havens declared today that just as good a date pie was turned out as if she had used the "boughten," imported kind of dates. Very little sugar is required, she says, as the fruit pulp is already very sweet.

Mr. Havens shook the ripe fruit from their tree, Mrs. Havens boiled it and put the pulp through a sieve, added a couple of eggs (also home grown), a little sugar, a little flour, and other "fixins," and in due time the delicious pie was produced.

The left-over seeds are being dried and will be turned over to the Government for making gas masks.

There are lots of date palm trees around here.

W. S. S.

REV. PAUL WRIGHT CALLED TO DUTY ON OTHER SIDE

Rev. Paul Wright, Y. M. C. A. secretary at San Pedro, is going to France, a move which he has been anticipating for some time.

A telegram came to his wife here last night requesting him to report at New York next Tuesday, or any Tuesday that might be most convenient for him, for overseas duty.

The telegram was forwarded to him at San Pedro.

Dr. Albert E. Ellis, Osteopath, will open an office in Spurgeon Building, November 1st.

W. S. S.

SOIL NEMATODES TO BE SUBJECT MONDAY EVE AT BUENA PARK

Prof. B. G. Milbrath of the U. S. Department of Agriculture will address the meeting of the Buena Park Farm Center next Monday night, October 21, at 8 p. m. at the Buena Park school house; subject, "Soil Nematodes."

Truck farmers, as well as bean and beet growers, will be interested to hear this address. Considerable infestations of the Nematode pest are prevalent in gardening sections of this county and the Farm Advisor is endeavoring to bring assistance to the farmer by giving him the benefit of all experiments and observations that are being carried on by the state and federal government in the control of this pest.

A general invitation is extended to all farmers who are interested in this particular soil pest, or other crop diseases.

Milk Toast Diet Too Much For Her

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of May's Wonderful Remedy, more than a year ago I can eat anything my appetite desires." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.—Adv.

NEWS IN BRIEF FORM

A letter for Maria H. de Huerta remains uncalled for at the Santa Ana postoffice.

There are 242 men in the service of Uncle Sam from Fullerton, and of this number 103 are enlisted men. Not many towns of the population of Fullerton, it is safe to say, can show a better record than this.

The Southern Counties Gas company is making connections at Garden Grove with about twenty chili dryers. The government permits the improvement because of the saving of fuel oil it affords. It requires five tons of green chili to make one ton of dried chili.

Private H. O. Price from the Presidio is home at La Habra on a twenty day furlough to straighten up his business affairs, as he expects to leave for France immediately upon his return to camp, or else he is stationed at Camp Kearny in the heavy artillery branch of the U. S. army.

Every whistle and horn in Anaheim sent forth a blast at noon yesterday when Anaheim went over the top in the Liberty Loan, showing a total subscription of \$424,000. Its quota was \$394,150.

Mrs. William E. Lindsay, formerly Miss Flossie Swett, just received word that her husband, Sergt. William E. Lindsay, has arrived safely overseas. Lindsay enlisted in the Quartermaster Corps June 1 of this year.

City Attorney W. R. Garrett of Orange has received a postal card from his former law partner, Stanley Reinhaus, stating that Mr. Reinhaus has arrived safely overseas, and that he is enjoying himself very much. Mr. Reinhaus has won fame as a ball player, and states that he is getting ready to enter the "big world series." Stanley Reinhaus is a bright and promising young attorney, and is a son of Max Reinhaus, one of the Reinhaus Bros.

The Dixon Stage Line to Huntington Beach has been authorized by the State Railroad Commission to advance its tariffs between Santa Ana and Huntington Beach and becoming effective Sunday the stage line will duplicate the rates on the Pacific Electric.

W. H. Schureman, formerly with the Exchange at Pomona, has been made manager of the Anaheim Citrus Fruit Association. He will take charge on November 1.

W. S. S.

Dr. E. Harvey Hadlock of Boston and Los Angeles will give his patriotic lecture on "Over the Top Under Five Flags—On to Berlin" at the First Baptist church next Sunday evening.

Dr. Hadlock has visited Europe, and before the war passed over the scenes where the great battles are now being fought. He will sail for France again in a few weeks as a representative of the International Young Men's Christian Association at the front. This lecture was given to 5000 soldiers at Camp Kearny. It is illustrated by 135 choice pictures of battle scenes and life of American soldiers in France.

S. B. Roberts and not F. D. Roberts was the man who proposed the \$100 club at the community sing Tuesday night which resulted in \$2500 being added to the sale of Liberty Bonds during the evening.

Andrew Gallison, who has been acting as postmaster at Gloryetta since August, has received his commission as postmaster, and on Monday will move the office from its present location to his home on Central avenue. Allison says that business of the office has shown a good increase in the last two months.

Max Holmes has wired his mother, Mrs. M. M. Holmes of this city, from Camp Taylor, Ky., that he has received his commission as second lieutenant and has been made an instructor in the officers' training school. Edwin Holmes is in the naval unit, Students' Army Training Corps, at Brown's University, Providence, R. I. He is a graduate of Poly high.

W. S. S.

BEAN GROWERS Don't bring beans in to our warehouses without first securing room. We are absolutely full for the time being. C. C. COLLINS CO.

PERSONAL MENTION

Capt. T. G. Lewton is having a brief furlough to visit his wife and children at Laguna Beach, his boat having come into San Pedro yesterday. Capt. Lewton is awaiting further orders from the government and may be sent overseas. He has lately been advanced from lieutenant to captain.

Mr. and Mrs. R. R. Shafer have received word that their son, Burr Shafer, in the Student Army Training Corps at Occidental, is improving after a severe attack of influenza.

W. S. S.

GREEN'S DEPARTMENT STORE CLOSING OUT

In preparation for the army draft, Max Green is sacrificing his entire stock of merchandise at 215 East Fourth street.

Mr. Green has made drastic price cuts on every article in his store in order to close everything out in the shortest possible time.

Mr. Green will accept walnuts, chickens, or other articles in exchange for merchandise, from those who have not the ready cash to make purchases and in such exchange will pay 25c per pound for chickens and 30c for walnuts.—Adv.

W. S. S.

CHICAGO HAS 65 MILLIONS YET TO GO

CHICAGO, Oct. 18.—Sixty-five million dollars short of its quota, \$265,000,000, today, Chicago entered into the final hours of its campaign. The Seventh Federal Reserve District, including Chicago, had yet to raise \$76,400,000.

W. S. S.

WINERIES PREPARING TO PRODUCE GRAPE SYRUPS

ONTARIO, Oct. 18.—Winery men to the east of this city, because they fear California will vote "dry" and because of national prohibition methods, are converting their immense wineries into plants to manufacture grape syrup. According to word from the University of California, where experiments have been conducted for some time, grape syrup seems destined to become a substitute for and a relief from the sugar shortage.

Some experiments are being conducted here by growers and are said to have been a success.

Immense wineries at Guasti, three miles east, at Cucamonga, four miles northeast, and at Rochester, seven miles east of here, have been converting their machinery for the making of syrup.

Vineyard managers, says F. L. Lathrop, institutional expert of the State Board of Control, converted the entire crop of grapes from the grounds of the Sonoma State Home into syrup and the product was said to be equal to maple syrup, both as a table syrup and as a substitute for sugar.

W. S. S.

OXNARD BEET MILL WILL CLOSE SOME TIME NEXT WEEK

OXNARD, Oct. 18.—The 1918 campaign of the American Beet Sugar factory here will close sometime next week. Growers whose beets are yet in the field have been ordered to make deliveries not later than October 20, and as soon after that as the beets can be put through the factory, the machinery will shut down. The season's run was short on account of the dry winter which prevented plowing and planting, but the yield per acre was good and growers who succeeded in getting beets planted secured good returns. This factory handled the sugar beet crop of the San Fernando Valley and the Chino district, as well as Ventura county, this year.

BIGGS IS DOUGHBOY HANDLING REAL DOUGH FOR NAVY

Martin Biggs is a real dough boy, for he is handling the kind of dough that tickles the palates of the boy of the army and navy. He is at the Mare Island navy yard, where he has charge of ten men in the baking department. Here is the way he tells of his work in a letter to a member of the Register staff:

"I am still at the same place, but have a fine job—baking for 8000 gobs. Some job! I have charge of my watch (ten men) and we work but fifty-two hours a week. When I come home, after the war is over, I will have to show you how we did in the navy. I expect to leave soon, as they want bakers on the east coast for the battleships and destroyers—some say this week. I only hope so, for I have been here six months and am anxious for sea service.

"I am playing left guard on the navy football team, but I guess the Spanish influenza has put the kibosh on us for the rest of the season.

"Today starts our seventeenth day of quarantine—not half bad. We got our first 'shot' yesterday for the prevention of the disease and have two more coming three days apart. Does not hurt a bit.

"There are nine Santa Ana boys here now, so we are always talking about Santa Ana, and the good times we used to have."

Ide Shirts

The right kind for men who like new ideas—new patterns—new materials—soft and stiff cuffs.

A large stock from which you will find just the quality and style you want—at a price you will be glad to pay.

POSTOFFICE AT ANAHEIM IS ROBBED

ANAHEIM, Oct. 18.—One of the most daring robberies of recent date was pulled off Tuesday night when burglars entered the Anaheim post-office by way of a transom window in the front lobby and ransacked the mail, opening several packages.

As far as can be determined nothing of value was stolen. All the money and stamps were locked up in the safe and no attempt was made to molest it.

The burglary was first discovered by E. R. Deering when he opened up early the next morning. He found several packages, which had been opened, scattered about the office. One was a box of candy. A few pieces had been taken, but otherwise was not disturbed. Deering is of the opinion that some letters were taken, as there were not nearly so many as usual in the bin.

Postmaster Ahlborn was informed of the robbery and immediately notified the police, who made an investigation of the affair. No trace was left by the thieves which would lead to their identity. Postmaster Ahlborn is of the opinion that the stunt was pulled off by boys, as it would require an agile person to get through the transom.

Exit was made by way of the rear door after the keys were found hanging on the wall.

A drawer containing a small number of stamps was unmolesed.

It was reported by Officer Andrade that another attempt was made Wednesday night to enter the Ivins motorcycle shop on North Los Angeles street. He reports finding the same bicycle tracks as the night before at the postoffice.

—W. S. S.—

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Oct. 18.—Mrs. Henel Truesdell, a pioneer of Orange, celebrated her nintyeth birthday anniversary at her home on South Harwood street. At noon she entertained Mrs. Emma Helwig, Mrs. Welch, Mrs. Rusk, Mrs. Mary Frazier, Mrs. M. G. Pratt, Mrs. May Thompson of Santa Ana, and Mrs. Stephen McPherson at dinner. A feature of the dinner was a beautiful birthday cake which was a gift from Mrs. McPherson.

During the afternoon many of the members of the Methodist church called upon Mrs. Truesdell to wish her many happy returns. She has lived in Orange since 1875, and is the oldest member of the church.

In the afternoon Mrs. Truesdell received another birthday cake, a gift from Mrs. Lawrence Hemphill. Each of the guests who called during the afternoon brought her a birthday card, while the other guests each gave her a birthday offering.

Miss Minnie Terrell entertained the Emma Samson chapter, U. D. C., at her home in Villa Park. The rooms were prettily decorated with pink dahlias and roses. At the close of the afternoon delicious refreshments were served. There were twenty-two guests present.

Mrs. Frank Monroe of Orange, district secretary of Queen Esther work, was the honored guest at a dinner given by Mrs. P. A. Robinson of Santa Ana to the members of the Queen Esther Circle of the Santa Ana First Methodist church. Mrs. Monroe gave the girls an interesting talk.

Mrs. I. C. Schaefer and children have arrived here from Chicago, Ill. They will visit at the home of Mr. Schaefer's father, Donald Bath, of West Maple avenue. Mr. Schaefer has been here for the past six weeks. They expect to locate in California and may make their home in Orange.

Charles Wallace has received an honorable discharge from the tank corps on account of ill health, and has returned home from Camp Colt, Gettysburg, Pa. He enlisted in the tank corps and left Orange at the same time Dale Bay enlisted.

—W. S. S.—

CORN CROP BURNED BADLY SAYS LIEBIG

The corn crop in most of Kansas, through Missouri and Arkansas and down into Oklahoma was badly damaged by heat and drought this year, says J. E. Liebig, well known Santa Ana, just returned from a trip east. Liebig visited his parents at Wetmore, Kan., where he formerly lived, and sisters at St. Joseph, Mo., Cameron, Mo., and Stillwater, Okla. "Around Wetmore," said Liebig, "the corn crop was fair, but west and south it was light. However, there has been a good deal of kafir corn and other stock feed grown since the rains and if the frost holds off long enough there will be stock feed. Most of the farmers have made good money. They have been getting big prices for stock. Butterfat was 65 cents a pound.

"I saw lots of evidences and heard lots about Spanish influenza where I went. In some places where the train stopped we were not allowed to leave the depot. Back there they seemed to consider it about the same as our old-fashioned grip."

CALUMET

to

**Save Wheat
and Help Win the War**

In a publication of the U. S. Food Administration, of January 26th, 1918, is the following comment:

"A baking powder concern in Chicago is distributing a placard that consumers purchase double-size packages of all food articles packed in tin, thus saving about 25% tin plate for use in ammunition. Baking powder is also recommended with corn bread and a special booklet of War Time Recipes is offered housewives who are interested."

The baking powder concern referred to was the Calumet Baking Powder Company and its efforts to conserve our resources were thus commended.

Calumet Baking Powder always conserves resources and promotes economy.

By its use wheat flour, corn meal, or any kind of flour, always goes further, makes whiter and lighter bread, biscuits, cakes, etc.

Calumet Baking Powder can be used to greatest advantage in your war-time or any other Recipes that call for Baking Powder. It is used in the ARMY and NAVY. Uncle Sam chooses from all. His selection should show you which brand of baking powder is best for your use.

SERVE YOUR COUNTRY

By using it in your home. Save needed food-stuffs and prevent waste. Serve your family by giving them pure, wholesome, tasty bakings.

Remember—Foods are as important as Fire Arms in War Times.

Remember—Calumet Baking Powder gives you positive protection against bake-day failures.

SEND FOR FREE CALUMET War-Time Recipe Book

It contains scores of selected recipes that will help you greatly in the use of corn and other coarse flours.

ONE POUND 30c

Calumet Baking Powder Co., 4100 Fillmore St., Chicago, Ill.

N. B.—Through advertising and distribution of War-Time Recipes, the Calumet Baking Powder Co. is lending the U. S. Food Administration valuable aid in advocacy of sensible food conservation. Their compliance with the Government's wishes and the shaping of their Publicity Policy along lines that will "help win the war" deserves hearty commendation.

SIXTY PER CENT SHORTAGE IN BUTTER THIS WINTER

Government Has Commandeered Bigger Portion of Visible Supply

With this nation facing a very acute shortage in its butter supply during the winter, the Food Administration has issued its first order relative to the distribution of milk. That order is that no licensed distributor of sweet milk or cream shall sell cream which contains more than 20 per cent butter fat. Cream for butter making purposes is not affected by the ruling.

According to information sent to the office of County Food Administrator the administration expects that distributors will immediately reduce their prices for sweet cream in the same proportion that the butter fat content of the cream is reduced.

There is in sight for the civilian population somewhat less than 40 per cent of the normal supply, the Government having commandeered approximately 60 per cent of the visible supply of cold storage butter for the armed forces and the Allies. No relief can be expected from the producers until next spring. It is expected that the butter fat that will be released as a result of the enforcement of the rule will, in connection with other regulations, present and prospective, aid to some extent in relieving the acute shortage of butter, and in restraining the price.

he threw his hands on the back of his head, saying he was shot, and rushed from the house to J. J. Schnitzer's drug store, where he was given first aid and later taken to Dr. C. Richter at Balboa, who dressed the wound.

Mrs. Hatley and her sister were dumfounded by the occurrence and at first thought some duck hunter had shot through the window, but later, upon investigation by Marshal J. A. Porter, it developed that one of the boys had gone upstairs and was playing with a 22 rifle when it was accidentally discharged, the bullet going through the floor and striking the victim in the head.

The injury was not a serious one, the bullet only inflicting a scalp wound about two inches long, having spent most of its force in penetrating the floor.

Brief Newport Beach Items

J. D. (Rockefeller) McInnes and Frank Nafzgar, the old salt water sea dog of Newport Beach, visited Los Angeles last Saturday. They took in Vernon while on the trip.

Mrs. Fred Tratt of Los Angeles is spending a few days in Newport Beach visiting with relatives and friends.

Mr. and Mrs. H. A. Robinson motored down from Whittier Wednesday. Frank Walter went to Los Angeles Tuesday afternoon for a few days' visit.

The stock of J. N. Herron of Balboa, which was assigned to the Board of Trade several weeks ago, was moved this week to Anaheim, having been purchased by F. E. Miles.

The South Coast Improvement Association were guests of Byron Hall at dinner at the Newport Hotel Monday evening. After an excellent dinner, topics of interest to the association were talked over. Those present were Thomas B. Talbert and E. E. French of Huntington Beach, J. A. Armitage of Sunset Beach, and the local guards, Lew H. Wallace, W. W. Wilson, J. J. Schnitzer, J. P. Greeley, Geo. P. Wilson and W. W. Crozier.

FATHER AND SISTER ILL WITH THE 'FLU'

Talbert School Closed For Two Weeks As Precautionary Measure

TALBERT, Oct. 17.—Mrs. Arnold Walker heard Monday evening that her father, C. C. Heacock, and sister, Mrs. J. C. Morton, both of Dominguez, are down with influenza. Mrs. Morton was taken ill Saturday while on a trip to San Diego and was brought to her home at once where she is under a nurse's care. Mr. Heacock took sick Monday morning.

Rev. J. Alvah Andrews has sold his Ford machine.

As a precaution against the influenza the Talbert school was closed Monday morning. The trustees held a meeting that morning and the children who had gone to school were dismissed and sent home. Two weeks was the length of time set for the school to remain closed but circumstances connected with the spreading of the epidemic alone will regulate the reopening.

Miss Mildred Moody, primary teacher of the local school was ill all of last week and her place was supplied by Mrs. Clayton of Santa Ana. Miss Moody was able to be at school Monday morning ready to resume her duties.

Borchards Hold Reunion

Mr. and Mrs. Leo Borchard went to Los Angeles Saturday to attend a reunion of the Borchard family which was held Sunday at the Frank Borchard home in that city. Fifty-four relatives enjoyed the festive day which was a continuation of one pleasure after another. The most sumptuous of big dinners was served at the noon hour and the afternoon was devoted to the playing of games, singing and speechmaking, the large crowd being entertained both inside the house and on the lawn, where refreshments were served in the afternoon by the hostess. A number of the out-of-town members of the family were not present on account of the prevailing epidemic and this was the only disappointing feature of the day. Mr. and Mrs. Borchard remained in the city until Tuesday, visiting with relatives.

Mr. and Mrs. Harvey Walker drove over from Elmar Sunday and visited at the home of the former's brother, Arnold Walker.

A daughter was born Sunday to Mr. and Mrs. A. Martel. The child did not live, but the mother is doing nicely.

Two letters were received by Mr. and Mrs. Robt. Gistler, one Saturday and one Monday, from their son, Tom Gistler. He was billeted at a fine place when he wrote and had plenty of shelter from the occasional rains. He had not received any mail for three weeks owing, he thought, to the rapid changes his company had been making.

Ray Wardlow baled a cutting of alfalfa hay for S. E. Talbert Tuesday morning. There were about six tons in the lot.

A shower of postcards were mailed by friends and relatives the past week to Harry Harper, who it was hoped will receive them by the 8th of November, that being his birthday anniversary. Many good wishes were sent on their way "over there," a number of letters also joining the card shower.

A letter was received by Mrs. Arnold Walker from Mrs. L. C. Rix, who with her two little boys spent several weeks as her guest this summer, telling of their safe return to their home at El Centro three weeks ago. Mrs. Rix and the children spent almost all of the summer months in California. The weather she found quite pleasant upon her return to the valley, she wrote.

Mrs. M. A. Nimocks and nephew, John Brewer, drove over on the San Joaquin Tuesday and attended an auction sale and barbecue.

Mrs. Mary Hoffman left Saturday to accept a position cooking on the San Joaquin ranch.

W. S. S.

GERMAN ARTIST, WITH EXTENSIVE RECORD, IS AGAIN IN U. S. HANDS

OAKLAND, Oct. 18.—Jacob Breur, German artist, is in again. Oakland police caught him and he will be taken back to the Fort Oglethorpe, Ga., internment camp.

Here is Breur's record since he first broke into print in 1908:

Stole a Millet painting from Golden Gate Park museum. Released because he was an artist.

Sentenced to five years in San Quentin for another burglary. Escaped by donning a guard's uniform. Recaptured and served out his term.

Arrested as an enemy and spy suspect. Escaped from immigration officers by dodging through a back door in a dentist's office in San Francisco. Recaptured and taken back to Angel Island. Dove into the bay and flagged a passing ferry boat.

Went back to his old lodgings to get his paintings and found officers waiting for him. Taken to Fort Oglethorpe, Ga., escaped and came to Oakland.

COREGA

HOLDS FALSE TEETH FIRMLY IN MOUTH

Prevents Sore Gums

Gums shrink or swell and plates become loose, which is no fault of the dentist. An application of COREGA sifted evenly on the dental plate relieves these conditions. It holds the plate firmly and comfortably in position. Also promotes mouth hygiene. At drug stores and dental supply houses. Your druggist can get it from his wholesaler. HUNTINGTON BEACH BEACH HIGH SCHOOL FACULTY COMPLETED

After Many Changes List of Huntington Beach Teachers Definitely Arranged

HUNTINGTON BEACH, Oct. 18.—Just during the past week the Huntington Beach high school faculty has been made complete. Miss Florence E. Larter has been sick and Miss Slaughter of Pomona has been substituting in her place. Mrs. Edmiston was drafted into the hospital service. Miss Chapman resigned to take a position in France; and so it has gone from one change to another until a few days since the faculty was filled as follows: E. L. Mitchell, principal, general science; Susan Miller, vice-principal, commercial; J. M. Alcorn, vocational and regular agriculture; Francis L. Douthitt, music; C. R. Ficken, manual training, mechanical drawing and physical education; Florence E. Larter, domestic science and art; Ruth Monroe, history and physical education; Nettie M. Owens, English, oral English; Olga Sarnighausen, mathematics; F. I. Shepherd, science; Mrs. Margaret E. Talbert, Spanish French, Latin; Martha Trafford, free-hand drawing, applied art and commercial.

Other employees are: Mrs. E. L. Payne, office secretary; William E. McGuire, bus driver and machanic; J. B. J. DeLapp, gardener; Mrs. Elsie Grumwald, janitor; Mrs. W. H. Taylor, cafeteria cook.

Word was received a few days since that Carlos Rigdon, son of F. H. Rigdon, the druggist, had died of pneumonia in Washington, D. C. The body was sent to Marion Ind., where it will be placed in a vault till next spring. J. H. Rodman, former section foreman for the P. E. R. R., who went to France among the first called, who was badly crippled and sent back to a hospital in Washington, D. C., has also recently died. He had so far recuperated that he was able to make the journey to Texas and visit his parents and friends, and while on his return trip to Washington he was taken worse and died last week.

Dr. F. E. Wilson reports but a few cases of common gripe in the city so far. There does not appear to be much occasion for alarm here yet.

Clinton Newland is reported very sick at Camp Leavenworth, Kan., with the "flu."

W. S. S.

THREE MORE DEAD FROM PNEUMONIA

F.C. Seymour of 1620 Bush Street Is Victim of Epidemic

Since yesterday three have died of pneumonia that developed from grip or Spanish influenza.

One of these was Frederick C. Seymour of 1620 Bush street, Santa Ana. Charles Palmer, a Los Angeles man who was taken from the county jail to the county hospital, died last night of pneumonia.

Sieve Soltes died this morning at the county hospital.

At the county hospital there are fifteen patients ill with grip or pneumonia. John Talarino of Delhi is very low. Three of the nurses are at the hospital sick with grip and two others went home with it. Dr. Zaiser, the superintendent, Miss Swall, the matron, and Miss Johnson, the assistant matron, have not yet recovered, though each is past the most dangerous period of the grip.

Fourteen new cases have been reported to the office of Dr. Domann, county health officer, since yesterday morning. These were mostly from Fullerton and Placentia. If anything, the situation at Orange is improving. There have been no deaths there from pneumonia.

May Close Whole State

A proposal to close all the moving picture theaters, churches and other places of public assemblage in the state not subject to medical inspection, during the Spanish influenza epidemic was to be considered at a special meeting of the board of health in San Francisco today.

The proposal will not apply to schools, Dr. George E. Ebricht, president of the board, said. It will include, however, an order that all trains, train depots and street cars be ventilated thoroughly and that the most stringent safeguards be thrown around shipbuilders and other war workers, he said.

Practically every public gathering place in San Francisco was closed last night at midnight as a preventive measure against the spread of Spanish influenza under regulations adopted by the city board of health.

Among the principal places affected are: All theaters, motion picture houses, public and private schools, churches, private and public dances, indoor social gatherings, cabarets and merry-go-rounds.

17,000 Cases in California

The total number of cases of influenza reported in California since October 1 was increased to 17,000 yesterday by reports of 4000 additional cases it was announced at the offices of the California State Board of Health. Officials said they did not believe the crest of the epidemic had been reached in the state. An outbreak of 100 cases in the government Indian school at Greenville, Plumas county, was reported.

KEYES IS SERIOUSLY ILL, FEVER IS HIGH

The chances that Edward Keyes, murderer of 11-year-old Leonard Herwick, will live until December 20, the date yesterday set for his hanging, were suddenly decreased this morning when Keyes' fever began to climb. By noon he had a fever of 104½. There is indication that the grip of Spanish influenza that developed yesterday morning is turning into pneumonia.

The county physician states that the grip has been going hard with prisoners. Three have died. Keyes' climb in temperature looks much as though his attack would be severe.

BOARD OF HEALTH WILL MEET THIS AFTERNOON

A meeting of the Santa Ana Board of Health will be held this afternoon at 2:30 o'clock, or soon thereafter. Dr. J. L. Clark, city health officer, is out of town. Dr. J. M. Burlew was appointed to a deputyship during his absence. Walter Eden, chairman of the Board of Health, has been in San Bernardino all week trying a case. The meeting for this afternoon was called by City Clerk Vesely. School Superintendent Cranston will be present. Yesterday afternoon at a meeting of the Lincoln P. T. A., Superintendent Cranston said that he had called up thirteen doctors and ten of them thought the schools need not be closed.

DR. SELEGMAN TO TELL HIS WAR EXPERIENCES TONIGHT

Popular Pastor Returned Wednesday From Y. M. C. A. Work Overseas

Dr. C. C. Selegman, one of the most prominent pastors in Southern California and in charge of Trinity church in Los Angeles, will speak tonight at the conference of the Methodist Episcopal Church, South, in session at Spurgeon Memorial church. Dr. Selegman has just returned from France, where he has been for several months engaged in special Y. M. C. A. work as representative of the denomination. He will tell of his observations and experiences over there and has a great deal of good information to impart. He returned to Los Angeles Wednesday. He was a speaker at the forenoon session of the conference today and in his address reported on his activities over there.

One of the actions of importance at this forenoon's session of the conference was the appointment of a committee to adjust entertainment of the annual meeting hereafter and equalize the costs throughout the district. In the past it has been the custom at different places with members of the entertaining church providing accommodations for the delegates. Under the new plan it is proposed to make an adjustment where all the churches will be assessed to pay for the entertainment of the delegates, with possibility of some central point in the district being designated as the permanent meeting place of the conference. The presiding elders of the two districts in this conference district—Southern California and Arizona—and E. C. Martin of this city were named as the committee. Rev. C. R. Gray is presiding elder of the Southern California district, and Rev. J. G. Scarborough of the Arizona district, and it is probable they will be re-appointed to these positions.

E. C. Martin also was appointed as layman leader for the district. District Attorney L. A. West appeared before the meeting this morning and advised the business of the conference be carried through as rapidly as possible to prevent possible interference by the closing of the city to large gatherings by reasons of the epidemic of influenza. A business session was held this afternoon, which is quite out of the ordinary.

Among the speakers this forenoon was Dr. McLaughlin, Pacific agent for the American Bible Society. Bishop Duhose and Rev. S. A. Neblett delivered addresses last night.

MRS. ROGERS DENIES SCHEME TO DEFRAUD

LOS ANGELES, Oct. 18.—Mrs. A. F. Rogers, field representative of the National Defense League in Southern California, arrested here for alleged conspiracy to use the mails to defraud, today stoutly maintained she will prove her innocence as soon as she is taken to San Francisco. Her arrest was made on a San Francisco warrant and Federal authorities said she would be taken there for trial. She said she collected between \$5000 and \$6000 in Southern California.

COULD SAVE CARS BY RIVER TRANSPORTATION

SACRAMENTO, Oct. 18.—Hundreds of freight cars could be released for war hauling if the crops of the San Joaquin and Sacramento valleys were moved by river shipping. An investigation of the California freight situation has been made by the United States Railroad Administration. This, it is anticipated, will result in the action of one of two courses by the Government—either the development of river freight traffic and the installation of a barge system in connection with the railway lines, or the dropping of river shipping altogether by the Railroad Administration and the sale of the Southern Pacific steamers to independent lines.

PROMINENT LONG BEACH MAN CHARGED AS DRAFT SLACKER

LONG BEACH, Oct. 18.—Placed behind the bars of the city jail, charged with being a slacker, J. E. Dunbar, of No. 421 East Anaheim street, pioneer resident and widely known throughout Southern California through his business enterprises, was arrested at his residence yesterday afternoon by Federal officers and local police officers.

Dunbar is said to be forty years old and is accused of having failed to register for military service September 12 last, the date of the registration for all men between the ages of 18 and 45, inclusive.

When questioned by the officers Dunbar is said to have stated that he was 45 years of age. The authorities then informed him that even men of 45 were subject to registration September 12.

The accused is heavily interested in California mining properties, and local business enterprises, and is a stockholder in a local bank.

OEHLEH LOSES \$10,000 LOST AFFECTIONS SUIT

LOS ANGELES, Oct. 18.—Wm. Oehler of San Francisco today was the loser in his \$10,000 alienation of affection suit against Wm. Cornelius of Glendale. The jury brought in a verdict in favor of Cornelius, whom Oehler accused of stealing Mrs. Oehler's love.

WARPLANE HAS ACCIDENT AT NEWPORT

San Diego Flyer Lands on Beach, Meets Mishap As He Starts Up Again

NEWPORT BEACH, Cal., Oct. 17.—Lieut. W. R. Bradford of the San Diego Aviation Camp, met with an accident here Tuesday afternoon while attempting to take to the air again after stopping to replenish his petrol tank. The birdman had made a trip from San Diego to the Arcadia Aviation Camp with a student flier on Monday. Tuesday morning he left on the return trip, but lost his course and running low on gasoline, landed on the beach between Newport and Balboa.

When he attempted to resume the journey, one wheel of the machine struck a soft spot on the beach and headed the plane toward the ocean just as a large breaker came in and dashed over the machine, partially blinding the aviator. The breaker, combined with a stiff breeze, threw the plane in towards shore and before the flier could get control it crashed into the piling of an old bulkhead, breaking the propeller and damaging the left wing, but fortunately Bradford was not injured. Further flight being out of the question, he phoned to San Diego and a truck was dispatched to take the wrecked plane back to camp.

HOME MADE TEA FOR CONSTIPATION

Is Used By Entire Families Because It Is Purely Vegetable, Does the Work and Costs Very Little
Why pay high prices for Liver and Bowel remedies when none are better than Dr. Carter's K. and B. Tea, which is purely vegetable, can be brewed at home, and a small package will last a long time?

Thousands of old people will tell you they have been drinking it for years, and after the liver and bowels have been put in fine condition in a few days by a before bedtime cup, that only an occasional cup is afterwards necessary to keep one feeling fit and fine.

People who drink a cup of Dr. Carter's K. and B. Tea once in a while, seldom, if ever, have any bilious attacks, sick headache or sallow skin. It's good for boys and girls, especially those who are peevish and fretful. Druggists have been selling it for many years.—Adv.

NEWPORT BEACH

spent the week-end with friends at Newport and Balboa.

Miss Dorothy Durkee has been spending several days in Santa Ana as the guest of Miss "Babe" McNeal.

Ruby Leptien and daughter, June, left Tuesday for Redlands for a visit with her aunt before returning to her home in Seattle, Wash.

Ellis Edell and Harry Nolan, two former Newport Beach boys, were down from Colton the latter part of last week for a brief outing. Both of the young men have been called to the colors and expect to leave this week for Camp Lewis.

Alfred Woodman went to Los Angeles Monday to spend a few days visiting with his father, Mayor Frederick T. Woodman, and other relatives and friends.

Mr. and Mrs. J. C. McCain, accompanied by Mr. and Mrs. R. M. Durkee, motored over to Fort McArthur Sunday, the trip being made in Mr. McCain's new "Hup" touring car.

Rev. A. G. H. Bode and family of Long Beach are spending the week in Newport Beach at the Allen cottage on 37th street and Bay avenue.

Mrs. Charles Tucker and children of Long Beach are occupying their cottage in West Newport for a several days' stay.

A letter has been received from Mr. and Mrs. D. B. Dickinson, who moved from here to Pasadena, stating that they were now located in Santa Ana and were glad to again be residents of Orange county.

Thomas Longmore has moved his restaurant fixtures from the store room in the Parker block to his residence between 19th and 20th streets, where he will store them until he finds an opening.

Miss Marie Amend, who has until recently been employed at the Hotel Newport, is now employed in Los Angeles.

Miss Marie Amend, who has until recently been employed at the Hotel Newport, is now employed in Los Angeles.

Mr. and Mrs. Roy Jumper and family and his mother, Mrs. S. R. Jumper, departed last Thursday on a two week's trip to San Francisco and other adjacent cities. They made the trip in their Chevrolet touring car. During Mr. Jumper's absence from the city's water plant, the pumping is being done by George Morales.

Mr. and Mrs. Frank L. Dodge, accompanied by Detton Young, left Thursday morning for Colton and Claremont. Mrs. Detton Young went to Colton some time ago in the hope of improving her health, but the change did not seem to benefit her and she gradually became weaker until her condition was critical, and Mr. Young was summoned to her bedside. Little hope is held out for her recovery.

Rev. Marshall and family of Los Angeles are spending several days in Newport Beach.

Smart Fall Footwear for Discriminating Women

WINTERSBURG
LADIES HAND-PICK
BEANS AT SMELTZER

Everybody's Doin' It, Releas-
ing Men For Other Work;
Keseman Quarantined

WINTERSBURG, Oct. 17.—Hand picking beans is the order of the day for the ladies of Smeltzer at present, all but three in town now being busily engaged at this work. The store room adjoining the telephone office has been fitted up with cleaning tables for the Golden West company and several of the ladies began work Thursday of last week. The employment gradually grew in favor until practically all the town are engaged in it. This work heretofore has been done by men, so this patriotic move made by the ladies is releasing a number for other work.

Planned Trip Home
A late letter from Second Lieut. Wm. Keseman from Ellington Field, Texas, told of the camp being in strict quarantine against the Spanish influenza. Although no cases have appeared at Ellington Field, a number were reported at Camp Logan, only a

ONE DOSE RELIEVES
A COLD—NO QUININE

"Pape's Cold Compound" Ends Bad
Colds or Grippe in a
Few Hours

Relief comes instantly.
A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasal discharge or nose running, relieves stiff headache, dullness, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Adv.

short distance from there.
Keseman, who is an instructor of experimental work, has been planning a trip home all summer and has postponed it several times on account of work on hand, and had again set the day following that on which the camp was quarantined to leave on his furlough, so was again doomed to disappointment. He hopes, however, to come as soon as the quarantine is lifted.

Earl Pryor Writes Home
Another transport bearing mail from France is evidently in. Mrs. P. M. Pryor having received a letter Tuesday morning from her son, Earl Pryor, who is over there. This is his second since reaching France, and he is keeping well, he wrote.

The J. J. Graham threshing outfit threshed B. A. Farrar's bean crop the last of the week, moving on to George McQuirk's crop the first of this. Graham has about a week's work ahead and then expects to close down for the season. He is only furnishing two hands with the threshing now, the crop owner being responsible for the other help needed.

Schools Closed This Week
Both Springdale and Oceanview schools are closed for this week at least, the trustees having decided to take this step of prevention against influenza. The Springdale school did not open Monday morning and Oceanview closed Tuesday morning. Although the disease has had little effect here so far, severe colds are prevalent throughout the community.

Sister Ill with "Flu"
Mrs. W. F. Slater was called to Los Angeles Friday by the illness of her sister, Miss Jennie Clay, with whom she remained until Sunday evening. Miss Clay was ill with influenza and was quite ill, but is now well on the road to recovery. Mrs. Slater wore a mask while in the sick room as a preventive, and the attending physician gave it as his opinion that she was not in any danger of contracting the disease.

Mr. and Mrs. C. H. Maddux, with Mr. and Mrs. Abe Johnson of Irvine, went to Riverside Wednesday of last week and spent until Friday evening at the fair. The party had a delightful trip and saw many interesting things while away.

Everett Stockton of Wilmington was a week-end visitor at the home of his parents, Mr. and Mrs. J. T. Stockton. Stockton is employed at the ship yards and thought it probable that a quarantine would be put on the workers at any time now as an influenza preventive.

The local church is fairly shining since the thorough house cleaning administered last Thursday by a number of the ladies of the congregation. Seven met at 7 o'clock in the morning and joined in the work, and four finished it in the afternoon.

Threshing Near Close
The Golden West bean crop has all been threshed and the company thresher moved on to W. E. Chilson's field Monday. This crop was finished Tuesday and on Wednesday twenty acres were threshed for J. O. Pyle.

Mr. and Mrs. G. W. Nichols were looking for their son, Guerdner Nichols, home from Camp Kearny to spend the week-end, but he did not come and they heard Monday he was prevented by the strict quarantine restrictions, no passing in or out being allowed, not even of officers.

Miss Anna Kettler, who attends school in Los Angeles, is spending the week of enforced vacation at the home of her brother, John Kettler.

John Murdy, who is attending U. S. C., was allowed to return home for the week-end under the proviso that he should remain strictly at home when he reached here. As the barracks at the school are not completed, the students are rooming all over the city, not making it possible for a quarantine to be instituted, so it was decided to send all to their homes as the safest plan against their contracting influenza. John was due to report at school at 6 o'clock Monday morning.

Miss Ruth Jordan went to Redlands Friday, remaining over the week-end at home.

Miss Marguerite Moffit of Long Beach was a Sunday visitor at the W. T. Vandenberg home.

Mrs. Hugo Lamb of Talbert, Mrs. D. D. Gardner and Mrs. G. W. Nichols visited Sunday afternoon with Mr. and Mrs. D. W. Blaylock and family.

Miss Ethel Isenor, who has been ill with pneumonia, is able to be up and about again this week.

Mr. and Mrs. E. R. Bradbury and family attended the Riverside fair one day.

R. L. Draper returned from Orland, in the Sacramento valley, Thursday and is spending several days here with his family.

Russell Alford was quite ill the latter part of last week and the first of this with what was undoubtedly a form of influenza, judging from all the symptoms of the case. The fever had been broken by Monday morning and the aching pains somewhat subsided.

Mr. and Mrs. Claude Graham of Puente were over-night guests Saturday of Mrs. Graham's parents, Mr. and Mrs. S. T. Burgess.

Mr. and Mrs. Fred Beckwith, little girl, Elsie, and Mrs. Beckwith's mother, Mrs. Hopkins, of Torrence were guests for the day at the G. W. Nichols home Tuesday.

LEMON JUICE
WHITENS SKIN

Girls! Make beauty lotion
at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! it is harmless.—Adv.

JUNIOR RED CROSS
TO MAKE SCRAP BOOKS

The Junior Red Cross wants jokes and cartoons clipped from any magazines or newspapers in unlimited quantities. These are to fill a new order for hospital scrap books. Please save the complete page, "Good Stories," from the Sunday Times magazine.

The Intermediate school wants empty paste bottles with good brushes for use in Junior Red Cross work. Give to any child coming to Intermediate, or notify 907-R.

Because of the present influenza conditions, the Junior Red Cross is collecting no salvage.

Salvage to be collected later will include quart and pint bottles (with quart and pint blown in the glass), quart and pint catsup bottles, magnesia bottles, tinfoil, leadfoil, coupons, newspapers, magazines, old clothing, shoes, quilt scraps, metal scraps of all kinds.

W. S. S.
Dr. Magill, Osteopath, Phone 956-W

NO. 8295, Dept. 2
NOTICE OF SALE

In the Superior Court of the County of Orange, State of California.
In the matter of the estate of R. M. Hargrave, deceased.

Notice is hereby given by the undersigned, executor of the last will and testament of R. M. Hargrave, deceased, that pursuant to an order of the Superior Court of the County of Orange, State of California, duly given, made and entered on the 20th day of September, 1918, that, as said Executor, Orange County Trust & Savings Bank, a corporation duly organized and after Tuesday, the 8th day of October, 1918, sell at private sale, to the highest bidder, all of the real and personal property of the estate of R. M. Hargrave, deceased, which is hereinafter specifically described.

Bids will be for specific portions of the property to be sold. All bids must be in writing signed by the bidder and accompanied by at least 10 per cent of the amount of the bid to insure good faith of the bidder. All sales to be made subject to the confirmation of the above entitled court. Bids will be received at the banking rooms of Orange County Trust & Savings Bank, No. 116 West 4th St., Santa Ana, California, at any time after the first publication of this notice. The sale of both the real and personal property will be made for cash, transfer papers and evidence of title at the expense of the estate. All property to be sold subject to taxes becoming due or payable after the 20th day of September, 1918, and of all encumbrances upon the property.

The property hereby offered for sale is all of the right, title and interest of R. M. Hargrave, deceased, in and to the following described real and personal property:

Real Property
Located in the City of Santa Ana, County of Orange, State of California, and particularly described as:
A certificate evidencing a 1-52 interest in all those certain lots, pieces or parcels of land situated, lying and being in the City of Santa Ana, described as Lots 1, 4, 5, 2, in Block 27, of the City of Santa Ana, as per map thereof recorded in Book 2, page 51, Records of Los Angeles County, California.
Lot 4, Block 27, of "Humphrey's Addition to the City of Santa Ana."

Personal Property
60 shares capital stock Stanton City Company.
Promissory note of L. D. Lewis, dated Aug. 17, 1916, payable 1 day after date for \$50.00, interest 7%.

Promissory note of W. A. Zimmerman, dated Mar. 14, 1916, due 1 year after date, for \$447.00, interest 7%.

Promissory note of W. A. Zimmerman, dated June 23, 1914, due July 10th, 1914, \$100.00, interest 8%, credit endorsed \$60.00.

Promissory note of W. A. Zimmerman, dated March 14, 1916, due 1 year after date, \$500.00, interest 7%.

Promissory note of C. M. and A. C. Whitlock, dated July 27, 1914, due 60 days after date, for \$150.00, interest 8%, credit of \$64.00 endorsed.

Household fixtures, fittings and furnishings.
Dated this 8th day of October, 1918.
ORANGE COUNTY TRUST & SAVINGS BANK.
By U. D. R. Hargrave, Executor of the Last Will and Testament of R. M. Hargrave, Deceased.

SUMMONS
In the Superior Court of the State of California in and for the County of Orange.
M. H. Pascoe and Mrs. M. H. Pascoe (formerly Florence L. Kohler), Plaintiffs, vs. Joseph N. Snedle, Jane Doe, John Doe and Richard Roe, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Orange, and in the County of Orange, in the office of the Clerk of said Superior Court.
The people of the State of California, do hereby certify that Joseph N. Snedle, Jane Doe, John Doe and Richard Roe, defendants, are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the County of Orange, California, on or before the 10th day of the service on you of this summons: if served within this County; or within thirty days if served elsewhere.
And you are hereby notified that unless you appear and answer as above required the said plaintiffs will take judgment against you.

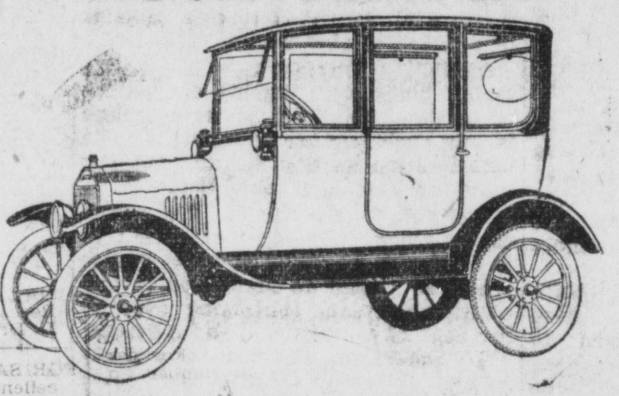

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:
"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.
Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.
"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 6th St., N. E., Canton, Ohio.

Every Sick Woman Should Try
LYDIA E. PINKHAM'S
VEGETABLE COMPOUND
Before Submitting To An Operation

MISSIONARY SPEAKS
AT MEETING THURSDAY

TUSTIN, Oct. 18.—A very interesting meeting of the Tustin Presbyterian Missionary Society was held Thursday afternoon at the church. A speaker from Los Angeles was present, Mrs. W. M. Weller, who was formerly a missionary to India. Her talk was full of vivid illustrations of the customs and practices in connection with the three forms of religion in India—the Hindu, Buddhist and Mohammedan, particularly in the lives of the women of India.

The meeting was led by the president, Mrs. P. H. Ebel. Devotional exercises were conducted by Mrs. Boal. Reports of Secretaries were read by Miss Sheats and Mrs. Pollard. A sacred solo was beautifully sung by Miss Ione Boal, accompanied by Miss Gertrude Utt.

Talks on Quality Meats

CHOICE STEERS
VS.
ORDINARY COW

There's probably more difference in the quality of meats than in any other article of food you use.
The CENTRAL MARKET sells only beef cut from choice well-fed steers, which is sweeter, more tender, finer-grained and more healthful and nutritious than ordinary beef.
If you are not a patron of Central Market—get acquainted with Central quality and service TODAY.
Free Delivery. Phone your order NOW.

URGENT NEED NOW FOR
RED CROSS WORKERS

TUSTIN, Oct. 18.—A large quota of Red Cross sewing has been assigned to the members of the Tustin branch and there is only a short time in which to do it. There is urgent need for all the workers who can possibly come to the classes which will convene Tuesday all day, and Wednesday and Thursday afternoons.

The number of workers was small this week and the quota cannot be finished if more of the sewers do not respond. It is earnestly hoped that a better start will be made next week, as the walnut season is coming to a close and more time can be given to the sewing.

All those who can take the sewing home are asked to come for it on Tuesday afternoon. The work must be pushed to the utmost to finish the quota in nineteen days.

Yarn for knitting socks can be obtained Monday afternoon at the schoolhouse from 2 to 5 o'clock. The knitting committee requests every one to please bring in the socks where yarn has been out three weeks or more.

PREPARE FOR BAZAAR
TUSTIN, Oct. 18.—The Presbyterian Ladies' Aid society held a work meeting this afternoon at the church. These ladies are working ahead and using their spare time to prepare for the bazaar to be held sometime the last of November. The ladies are now hoping to assist in the purchase of a Fourth Liberty Loan Bond for the church.

GIRLS! HAVE A MASS
OF BEAUTIFUL HAIR,
SOFT, GLOSSY, WAVY

25-cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, for a few cents, and prove that your hair is as pretty and as soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

—Adv.

TEACHERS' RECEPTION
AN ENJOYABLE EVENT

TUSTIN, Oct. 18.—The reception given by the Tustin Parent-Teacher Association to the Tustin grammar school teachers last Friday night proved to be a happy event socially, although a good many of the parents were not able to be present.

At the intersection of the wide halls in the school house, just opposite the front entrance, a reception room was fitted up with comfortable rugs and a piano and beautifully decorated with handsome dahlias, chrysanthemums and roses.

After the guests were welcomed everybody was compelled to get acquainted with neighbors on account of a highly interesting as well as instructive game engineered by Mrs. A. J. Crookshank. A picture of some noted person was pinned on each one present, as far as the pictures went, and numbered. Blank cards with corresponding numbers were also distributed. Of course everybody soon became enthusiastically interested in guessing the names of the personages represented by the pictures, and a very informal scene ensued in which the social spirit was promoted. During the pleasant hour that followed, delicious grape juice and cookies were served by the committee. Two pretty solos were sung, the first, "Wink'em and Blink'em and Nod," by Miss Nancy Elder, accompanied by Miss Gertrude Utt, and a patriotic song by Miss Thelma Nordstrom accompanied by Miss Lillian Martin.

W. C. T. U. PROGRAM IS
TO BE REAL FEATURE

TUSTIN, Oct. 18.—The committee of W. C. T. U. members who are getting up the popular entertainment to be given next Friday night, October 25, at the school house auditorium, are doing efficient work and an enjoyable evening's entertainment is anticipated. The little playlet which has been arranged especially for this occasion will be unique and amusing, as well as conveying a lesson in the matter of temperance. The men who are to take part are going into it enthusiastically and some dramatic talent is being developed. The best part is that they are all men known around here but never known as actors. The play is short but promises to be very good. The program will be filled out with interesting readings and music.

There will be no admission fee but a silver offering will be taken for the benefit of the Tustin union, the members of which are purchasing a Liberty Bond and doing what they can for the soldier and sailors.

W. S. S.

PRESBYTERIANS HOPE
TO BUY LIBERTY BOND

TUSTIN, Oct. 18.—The Tustin Presbyterian church officers are working on the matter of buying a Fourth Liberty Loan bond for the church. A good sum toward it has already been subscribed. One man has said he would give \$5 if nineteen others would do the same, making \$100, and the outlook is encouraging for raising this amount.

LIBERTY BELLES MEET
TUSTIN, Oct. 18.—The regular meeting of the Tustin Liberty Belles was held last Saturday afternoon at the home of Misses Gertrude and Dorothy Utt.

The young ladies planned for the knitting and needle work and Red Cross work which they are to do this fall and winter, but decided to spend the afternoon in making a pretty comfort for one of their own members, Miss Dorothy Utt. Good wishes for all kinds of good luck and happiness were tied up in the dainty knots holding the comfort together.

Mrs. S. W. Nau and Miss Minnie C. Childs were guests of the club.

The hostesses served gelatine, nabiscos and grape juice.

W. S. S.

INTERESTING MUSIC TALK
TUSTIN, Oct. 18.—An interesting talk on the Fletcher-Copp method in teaching music to little children was given by Miss Isaacson on Tuesday afternoon at the home of Mrs. Chas. Bowman. A number of young mothers were present.

W. S. S.

RETURNS HOME SOON
TUSTIN, Oct. 18.—Rev. M. E. La Dieu, who went to Camp Fremont three weeks ago to attend the Y. M. C. A. training camp, is expected to return home next Sunday. He has no idea when he will be sent away on the regular Y. M. C. A. work. Some were called directly from the training camp to go to New York.

W. S. S.

MISSION MEETING
TUSTIN, Oct. 18.—The regular meeting of the Advent Christian Church Missionary society will be held next Tuesday afternoon at the parsonage.

TUSTIN PERSONALS
Miss Clara Macomber is spending the week at home, as the Santa Monica schools are closed as a precaution against the Spanish influenza.

Miss Breeze Baker of Tulare, who has been visiting Mrs. Hugh Wiley, returned home Tuesday.

Miss Louise Long will spend the week-end with her parents, Mr. and Mrs. N. S. Long.

Mrs. L. M. Beasly of Tacoma, Wash., is visiting Mr. and Mrs. F. T. Preble and family.

Mrs. George B. Prather, Sr., and little daughter, Alice, were visitors to Los Angeles last Friday till Sunday. They were guests of Mrs. Albert Eby.

Mrs. Ann Swartz was called to Los Angeles on Monday to attend the funeral services of a cousin, Miss Alice Evans, whose death occurred on Saturday from pneumonia. The funeral services were held on the lawn and no one was allowed to enter the house, as a precaution against influenza. The sister Miss Elizabeth Evans, is also quite ill.

Mr. and Mrs. M. E. Diebold and little daughter, June, of Los Angeles were guests of Mrs. Fred Beckman
